**Consolidated Financial Statements for the
Six Months Ended June 30, 2024 and 2023 and
Independent Auditors' Report**

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Stockholders
Taiwan Cooperative Financial Holding Co., Ltd.

Opinion

We have audited the accompanying consolidated financial statements of Taiwan Cooperative Financial Holding Co., Ltd. (TCFHC) and its subsidiaries (collectively, the Company), which comprise the consolidated balance sheets as of June 30, 2024, December 31, 2023 and June 30, 2023, and the related consolidated statements of comprehensive income for the three months ended June 30, 2024 and 2023 and for the six months ended June 30, 2024 and 2023, the consolidated statements of changes in equity and cash flows for the six months then ended, and the related notes to the consolidated financial statements, including material accounting policy information (collectively referred to as the “consolidated financial statements”).

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Company as of June 30, 2024, December 31, 2023 and June 30, 2023, and its consolidated financial performance for the three months ended June 30, 2024 and 2023 and its consolidated financial performance and consolidated cash flows for the six months ended June 30, 2024 and 2023 in accordance with the Regulations Governing the Preparation of Financial Reports by Financial Holding Companies, Regulations Governing the Preparation of Financial Reports by Public Banks, Regulations Governing the Preparation of Financial Reports by Securities Firms, Regulations Governing the Preparation of Financial Reports by Futures Commission Merchants, Regulations Governing the Preparation of Financial Reports by Insurance Enterprises, and International Accounting Standard 34 “Interim Financial Reporting” endorsed and issued into effect by the Financial Supervisory Commission (FSC) of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company and its subsidiaries in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the Company for the six months ended June 30, 2024. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matters identified in our audit of the consolidated financial statements of Taiwan Cooperative Financial Holding Co., Ltd. and its subsidiaries for the six months ended June 30, 2024 were as follows:

Impairment Assessment on Loans

The net discounts and loans of the Company as of June 30, 2024 are accounted for 59% of the consolidated total assets. Therefore, the assessment of the impairment loss of discounts and loans may have significant impacts on the consolidated financial statements. Besides assessing the expected credit losses of loans in accordance with IFRS 9 “Financial Instruments”, the management of Taiwan Cooperative Bank, Ltd. (TCB) complies with the “Regulations Governing the Procedures for Banking Institutions to Evaluate Assets and Deal with Non-performing/Non-accrual Loans” related regulations (collectively, the Regulations) when assessing the classification of credit assets and recognizing the allowance for possible losses.

For the accounting policies and material accounting judgments and estimations of TCB’s impairment assessment of loans, refer to Notes 4 and 5 to the consolidated financial statements; for the relevant information on the impairment assessment of loans, refer to Note 13 to the consolidated financial statements.

When assessing whether to recognize impairment loss on loans in accordance with the Regulations, the main judgment of the management of TCB is the assessment of possible loss of the credit assets, including whether the credit assets are classified based on the length of time the loans have been overdue and the value of the collateral when assessing the impairment loss. As the amount of impairment assessed under the Regulation is much greater than the amount estimated under IFRS 9 “Financial Instruments” and the assessment involves many significant judgments and estimates, the amount is material to the consolidated financial statements, therefore, impairment of loans was identified as a key audit matter.

With respect to the critical judgments, estimations, and assumptions used in the assessment for impairment loss, the main audit procedures we performed were as follows:

1. We obtained an understanding of the design of the TCB’s relevant internal controls on impairment assessment of loans.
2. We tested and confirmed that TCB’s credit assets were classified and evaluated for impairment in accordance with the Regulations. The length of time the loans have been overdue and the value of the collateral were considered in calculating the provision for impairment loss.

Quoting the Correctness of Insurance Information from the Life Policy Reserve

The reserve for life insurance policy contracts and financial instruments with discretionary participation features of the Company were recognized in compliance with the Regulations Governing the Recognition of Reserves by Insurance Enterprises.

The management of BNP Paribas Cardif TCB Life Insurance Co., Ltd. (BPCTLI) measures the life insurance liability reserve liabilities of each valid long-term insurance policy with reference to the deposit logic of the commodity calculation instructions submitted to the competent authority at the time of insurance pricing. The changes to the deposit logic must be approved by the competent authority in advance. Except for approved deposit logics, the Company shall not arbitrarily change the formulas and parameters used in the product calculation instructions submitted to the competent authority at the time of pricing of insurance types because the quote unchanged withdrawal logic and the correct policy information are crucial to the allocation of insurance liabilities and are identified as a key audit matter. For the relevant accounting policies and material accounting judgments and estimations, refer to Notes 4 and 5 to the consolidated financial statements. For the relevant information about the assessment of the insurance liabilities, refer to Note 28 to the consolidated financial statements.

With respect to the abovementioned key audit matter, the procedures we performed were as follows:

1. We obtained an understanding of the process and related internal operations of the assessment of the insurance liabilities of BPCTLI, and we assessed the compliance with related internal operations by performing the tests.
2. We obtained the actuarial information summary evaluated by the management of BPCTLI, and we sampled and tested that the information of policyholders was consistent with the information of life policy reserves.
3. We utilized our actuarial experts and performed the following audit procedures with respect to life policy reserves:
 - a. We sampled the insurance products and tested the actuarial memorandum, which was approved by the Insurance Bureau before the insurance products were introduced to the market, and the reserves in the memorandum were calculated in accordance with the regulations and were applicable to the insurance products.
 - b. We sampled the insurance policies and recalculated the insurance liabilities and confirmed that the calculation of BPCTLI was in accordance with the Regulations Governing the Recognition of Reserves by Insurance Enterprises and was consistent with the formula and parameters submitted to the regulatory authority.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Financial Holding Companies, Regulations Governing the Preparation of Financial Reports by Public Banks, Regulations Governing the Preparation of Financial Reports by Securities Firms, Regulations Governing the Preparation of Financial Reports by Futures Commission Merchants, Regulations Governing the Preparation of Financial Reports by Insurance Enterprises, and International Accounting Standard 34 “Interim Financial Reporting” endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the financial reporting process of Taiwan Cooperative Financial Holding Co., Ltd. and its subsidiaries.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence of the financial information of the components of the Company to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provided those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of the most significance in the audit of the consolidated financial statements of Taiwan Cooperative Financial Holding Co., Ltd. and its subsidiaries, for the six months ended June 30, 2024 and are therefore deemed to be the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audits resulting in this independent auditors' report are Yin-Chou Chen and Wang-Shen Lin.

TAIWAN COOPERATIVE FINANCIAL HOLDING CO., LTD. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED JUNE 30, 2024 AND 2023 (In Thousands of New Taiwan Dollars, Unless Stated Otherwise)

1. ORGANIZATION AND OPERATIONS

Taiwan Cooperative Financial Holding Co., Ltd. (TCFHC) was established by Taiwan Cooperative Bank, Ltd. (TCB), Taiwan Cooperative Bills Finance Corporation Ltd. (TCBF) and Co-operative Assets Management Co., Ltd. (CAM) through a share swap on December 1, 2011 under the Financial Holding Companies Act and related regulations in the Republic of China (ROC). TCFHC's shares have been listed on the Taiwan Stock Exchange (TWSE) since December 1, 2011. After the share swap, TCB, TCBF and CAM became wholly owned subsidiaries of TCFHC.

TCFHC invests in and manages financial institutions.

TCB engages in (a) all commercial banking operations allowed under the Banking Law; (b) international banking operations; (c) overseas branch operations as authorized by the respective foreign governments; and (d) other operations as authorized by the central authority-in-charge. TCB has its Head Office in Taipei. It had a Business, International Banking, Finance, Credit Card, Trust and Insurance Agent Departments as well as 266 domestic branches, an offshore banking unit (OBU), 14 overseas branches, 8 overseas sub-branches and 3 representative offices as of June 30, 2024.

The operations of TCB's Trust Department are (1) planning, managing and operating the trust business and (2) custodianship of nondiscretionary trust funds in domestic and overseas securities and mutual funds. These operations are regulated under the Banking Law and Trust Law of the ROC.

TCB merged with the Farmers Bank of China (FBC) on May 1, 2006, with TCB as the survivor entity.

On December 2, 2011, TCB spun off its Security Department for the establishment of Taiwan Cooperative Securities Co., Ltd. (TCS). TCS issued new common shares to TCFHC and became its 100% subsidiary. TCS primarily (a) brokers securities; (b) deals securities; (c) underwrites securities; (d) provides pecuniary and securities financing facilities for the trading of listed securities; (e) trading of futures introducing broker business; (f) futures proprietary trading business; (g) does other business as approved by the authorities.

TCBF, established on May 13, 1998, has a head office in Taipei and a branch in Kaohsiung. TCBF engages in (a) brokering and dealing short-term bills; (b) underwriting commercial paper; (c) acting as registrar of commercial paper; (d) providing guarantees on or endorsements of commercial paper and bank acceptance; (e) brokering call loans between financial institutions; (f) providing consulting services on corporate financial matters; (g) brokering and dealing government bonds; (h) underwriting, brokering and dealing bank debentures; (i) dealing corporate bonds; (j) investment related equity instruments; (k) other operations approved by the authorities.

CAM was established on October 18, 2005; its main businesses are the purchase, appraisal, auction and management of financial institutions' creditors' rights as well as the purchase of accounts receivable and management of overdue receivables. To enhance capital allocation and increase the benefits of capital use, the board of directors of CAM decided to merge CAM and its subsidiary, Cooperative I Asset Management Co., Ltd. The effective date of the merger was December 1, 2014. In this merger, CAM was the survivor entity.

Cooperative Insurance Brokers Co., Ltd. (CIB) was established on November 25, 2005; it is engaged in life and property insurance brokering. In order to integrate resources and enhance operating effectiveness, the board of directors of TCB and CIB decided to merge TCB with CIB. The effective date of the merger was June 24, 2016. In this merger, TCB was the survivor entity.

TCB set up United Taiwan Bank S.A. (UTB) in Belgium through raising funds with Bank of Taiwan, Land Bank of Taiwan and Taiwan Business Bank. UTB started its operation on December 23, 1992; it is TCB’s subsidiary and its main business is in general deposits and loans.

For organizational restructuring purpose, TCB’s board of directors resolved to reduce TCB’s capital of \$1,524,390 thousand and transferred TCB’s long-term equity investments in BNP Paribas Cardif TCB Life Insurance Co., Ltd. (BPCTLI) and Taiwan Cooperative Securities Investment Trust Co., Ltd. (TCSIT) to TCFHC on December 1, 2011. The effective date of the capital reduction was set on April 3, 2012. After this capital reduction, BPCTLI and TCSIT both became 51% subsidiaries of TCFHC. On April 21, 2014, TCFHC acquired 49% of long-term equity investments in TCSIT for \$151,704 thousand. After this acquisition, TCSIT became a 100% subsidiary of TCFHC.

The business of BPCTLI was approved in March 2010. BPCTLI provides insurance: Life, personal injury, health, annuity and investment-linked products.

The business of TCSIT was approved in April 2011. TCSIT engages in the (a) securities investment trust business; (b) discretionary investment business; (c) securities investment consulting business and (d) other businesses as approved by the authorities.

Taiwan Cooperative Venture Capital Co., Ltd. (TCVC) was established on October 1, 2015. TCVC engages in (a) venture capital investments; (b) consulting; and (c) investment consulting.

As of June 30, 2024 and 2023, TCFHC and its subsidiaries (the Company) had 9,587 and 9,553 employees, respectively.

The operating units of the Company maintain their accounts in their respective functional currencies. The consolidated financial statements are presented in New Taiwan dollars.

2. APPROVAL OF CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements were approved by TCFHC’s board of directors on August 26, 2024.

3. APPLICATION OF NEW, AMENDED AND REVISED STANDARDS AND INTERPRETATIONS

- a. Initial application of the amendments to the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) (collectively, the “IFRS Accounting Standards”) endorsed and issued into effect by the FSC

The initial application of the IFRS Accounting Standards endorsed and issued into effect by the FSC did not have a material impact on the Company’s accounting policies.

- b. Impact of the IFRS Accounting Standards endorsed by the FSC for application starting from 2025

New, Amended and Revised Standards and Interpretations	Effective Date Announced by IASB
Amendments to IAS 21 “Lack of Exchangeability”	January 1, 2025 (Note)

Note: An entity shall apply those amendments for annual reporting periods beginning on or after January 1, 2025. Upon initial application of the amendments to IAS 21, the Group shall not restate the comparative information and shall recognize any effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or, if applicable, to the cumulative amount of translation differences in equity as well as affected assets or liabilities.

As of the date the consolidated financial statements were authorized for issue, the Company has assessed that the application of other standards and interpretations will not have a material impact on the Company's financial position and financial performance.

- c. The IFRS Accounting Standards announced by IASB but not yet endorsed and issued into effect by the FSC and not yet applied by the Company

<u>New, Amended and Revised Standards and Interpretations</u>	<u>Effective Date Announced by IASB (Note)</u>
Annual Improvements to IFRS Accounting Standards - Volume 11	January 1, 2026
Amendments to IFRS 9 and IFRS 7 "Amendments to the Classification and Measurement of Financial Instruments"	January 1, 2026
Amendments to IFRS 10 and IAS 28 "Sale or Contribution of Assets between an Investor and its Associate or Joint Venture"	To be determined by IASB
IFRS 17 "Insurance Contracts"	January 1, 2023
Amendments to IFRS 17	January 1, 2023
Amendments to IFRS 17 "Initial Application of IFRS 17 and IFRS 9 - Comparative Information"	January 1, 2023
IFRS 18 "Presentation and Disclosures in Financial Statements"	January 1, 2027
IFRS 19 "Subsidiaries without Public Accountability: Disclosures"	January 1, 2027

Note: Unless stated otherwise, the above New IFRSs are effective for annual reporting periods beginning on or after their respective effective dates.

1) IFRS 17 "Insurance Contracts" and related amendments

IFRS 17 sets out the accounting standards for insurance contracts that will supersede IFRS 4. The main standards of IFRS 17 are as follows:

Level of aggregation

IFRS 17 requires the Company to identify portfolios of insurance contracts, which comprises contracts that are subject to similar risks and managed together. Contracts within a product line would be expected to have similar risks and hence would be expected to be in the same portfolio if they are managed together. Each portfolio of insurance contracts issued shall be divided into a minimum of:

- a) A group of contracts that are onerous at initial recognition;
- b) A group of contracts that at initial recognition have no significant possibility of becoming onerous subsequently;
- c) A group of the remaining contracts in the portfolio.

The Company is not permitted to include contracts issued more than one year apart in the same group, and a group of contracts to be issued should apply the recognition and measurement of IFRS 17.

Recognition

The Company shall recognize a group of insurance contracts it issues from the earliest of the following:

- a) The beginning of the coverage period of the group of contracts;
- b) The date when the first payment from a policyholder in the group becomes due; and
- c) For a group of onerous contracts, when the group becomes onerous.

Measurement

The Company shall include all the future cash flows within the boundary of each contract in the group. The fulfilment cash flows comprises estimates of future cash flows, an adjustment to reflect the time value of money, and a risk adjustment for non-financial risk. The contractual service margin represents the unearned profit of the group of insurance contracts that the Company will recognize as it provides services in the future. This is measured on initial recognition of a group of insurance contracts at an amount that, unless the group of contracts is onerous, results in no income or expenses arising from:

- a) The initial recognition of an amount for the fulfilment cash flows;
- b) All cash flows arising from the contracts in the group at that date;
- c) The derecognition of the following at initial recognition date
 - i. Insurance acquisition cash flow assets; and
 - ii. Any other assets and liabilities related the cash flows in the group of contracts were previously recognized.

Subsequent measurement

On subsequent measurement, the carrying amount of a group of insurance contracts at the end of each reporting period shall be the sum of the liability for remaining coverage and the liability for incurred claims. The liability for remaining coverage comprises the fulfilment cash flows related to future services and the contractual service margin of the group at that date, and liabilities for incurred claims include fulfilment cash flows related to past services. On subsequent measurement, if a group of insurance contracts becomes onerous or more onerous, that excess shall be recognized in profit or loss.

Onerous contracts

An insurance contract is onerous at initial recognition if the total of the fulfilment cash flows allocated to insurance contracts, any previously recognized acquisition cash flows and all cash flows arising from the contract at that date is a net outflow. The Company shall recognize a loss in profit or loss for the net outflow, resulting in the carrying amount of the liability for the group being equal to the fulfilment cash flows and the contractual service margin of the group being zero. The contractual service margin cannot increase and no revenue can be recognized, until the onerous amount previously recognized has been reversed in profit or loss as part of a service expense.

Premium allocation approach

The Company may simplify the measurement of the liability for remaining coverage of a group of insurance contracts using the Premium Allocation Approach (PAA) on the condition that, at the inception of the group:

- a) The Company reasonably expects that this will be a reasonable approximation of the general model, or
- b) The coverage period of each contract in the group is one year or less.

At the inception of the group, if the Company expects significant variances in the fulfilment cash flows during the period before a claim is incurred, such contracts are not eligible to apply the PAA.

When using the PAA, the liability for remaining coverage shall be initially recognized as the following:

- a) The premium received at the initial recognition;
- b) The premium minus all insurance acquisition cash flows at that date; and
- c) Plus or minus the following items derecognition at the initial recognition date.
 - i. Insurance acquisition cash flow assets; and
 - ii. Any other assets and liabilities related to the cash flows in the group of contracts were previously recognized.

Subsequently the carrying amount of the liability is the carrying amount at the start of the reporting period plus the premiums received in the period, minus insurance acquisition cash flows, plus amortization of acquisition cash flows, minus the amount recognized as insurance revenue for coverage provided in that period, and minus any investment component paid or transferred to the liability for incurred claims.

Investment contracts with discretionary participation features

An investment contract with discretionary participation features is a financial instrument and it does not include a transfer of significant insurance risk. It is in the scope of the standard only if the issuer also issues insurance contracts. The requirements of the Standard are modified for such investment contracts.

Modification and derecognition

If the terms of an insurance contract are modified, the Company shall derecognize the original contract and recognize the modified contract as a new contract if there is a substantive modification, based on meeting any of the specified criteria.

The Company shall derecognize an insurance contract when it is extinguished, or if any of the conditions of a substantive modification of an insurance contract are met.

Transition

The Company shall apply the standard retrospectively unless impracticable, in which case entities have the option of using either the modified retrospective approach or the fair value approach.

Under the modified retrospective approach, an entity shall utilize reasonable and supportable information and maximize the use of information that would have been used to apply a full retrospective approach, but need only use information available without undue cost or effort. The Company shall apply fair value approach if reasonable and supportable information is unavailable.

Under the fair value approach, the Company determines the contractual service margin at the transition date as the difference between the fair value of a group of insurance contracts at that date and the fulfilment cash flows measured at that date.

Redesignation of financial assets

On the date of initial application of IFRS 17, a company that has applied IFRS 9 may redesignate and reclassify financial assets that meet the requirements of paragraph C29 of IFRS 17. The Company is not required to restate comparative information to reflect changes in the reclassification of these assets, so the difference between the previous carrying amount of these financial assets and their carrying amount at the date of initial application is recognized in the initial retained earnings (or other equity as appropriate). If the Company restates the comparative information, the restatement must reflect the requirements of IFRS 9 for these affected financial assets.

In addition, for a company that has applied IFRS 9 before the initial application of IFRS 17 and has, for financial assets that have been derecognized during the comparative period on the date of initial application of IFRS 17, the Company may choose to apply the classification overlay approach on the basis of individual financial assets, as if those financial assets had been reclassified in the comparative period in accordance with the redesignation requirements in paragraph C29 of IFRS 17.

2) IFRS 18 “Presentation and Disclosures in Financial Statements”

IFRS 18 will supersede IAS 1 “Presentation of Financial Statements”. The main changes comprise:

- a) Items of income and expenses included in the statement of profit or loss shall be classified into the operating, investing, financing, income taxes and discounted operations categories.
- b) The statement of profit or loss shall present totals and subtotals for operating profit or loss, profit or loss before financing and income taxes and profit or loss.
- c) Provides guidance to enhance the requirements of aggregation and disaggregation: The Group shall identify the assets, liabilities, equity, income, expenses and cash flows that arise from individual transactions or other events and shall classify and aggregate them into groups based on shared characteristics, so as to result in the presentation in the primary financial statements of line items that have at least one similar characteristic. The Group shall disaggregate items with dissimilar characteristics in the primary financial statements and in the notes. The Group labels items as “other” only if it cannot find a more informative label.
- d) Disclosures on Management-defined Performance Measures (MPMs): When in public communications outside financial statements and communicating to users of financial statements management’s view of an aspect of the financial performance of the Group as a whole, the Group shall disclose related information about its MPMs in a single note to the financial statements, including the description of such measures, calculations, reconciliations to the subtotal or total specified by IFRS Accounting Standards and the income tax and non-controlling interests effects of related reconciliation items.

- 3) Amendments to IFRS 9 and IFRS 7 “Amendments to the Classification and Measurement of Financial Instruments”
- a) The amendments mainly amend the requirements for the classification of financial assets, including if a financial asset contains a contingent feature that could change the timing or amount of contractual cash flows and the contingent event itself does not relate directly to changes in basic lending risks and costs (e.g., whether the debtor achieves a contractually specified reduction in carbon emissions), the financial asset has contractual cash flows that are solely payments of principal and interest on the principal amount outstanding if, and only if,
 - i. In all possible scenarios (before and after the occurrence of a contingent event), the contractual cash flows are solely payments of principal and interest on the principal amount outstanding; and
 - ii. In all possible scenarios, the contractual cash flows would not be significantly different from the contractual cash flows on a financial instrument with identical contractual terms, but without such a contingent feature.
 - b) The amendments also stipulate that, when settling a financial liability in cash using an electronic payment system, an entity can choose to derecognize the financial liability before the settlement date if, and only if, the entity has initiated a payment instruction that resulted in:
 - i. The entity having no practical ability to withdraw, stop or cancel the payment instruction;
 - ii. The entity having no practical ability to access the cash to be used for settlement as a result of the payment instruction; and
 - iii. The settlement risk associated with the electronic payment system being insignificant.

Except for the above impact, as of the date the consolidated financial statements were authorized for issue, the Company is continuously assessing other impacts of the above amended standards and interpretations on the Company’s financial position and financial performance and will disclose the relevant impact when the assessment is completed.

4. SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION

Statement of Compliance

The consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Financial Holding Companies, Regulations Governing the Preparation of Financial Reports by Public Banks, Regulations Governing the Preparation of Financial Reports by Securities Firms, Regulations Governing the Preparation of Financial Reports by Futures Commission Merchants, Regulations Governing the Preparation of Financial Reports by Insurance Enterprises and IAS 34 “Interim Financial Reporting” as endorsed and issued into effect by the FSC. Disclosure information included in these interim consolidated financial statements is less than the disclosure information required in a complete set of annual financial statements.

Basis of Preparation

The consolidated financial statements have been prepared on the historical cost basis except for financial instruments that are measured at fair value and net defined benefit liabilities (assets) which are measured at the present value of the defined benefit obligation less the fair value of plan assets.

The fair value measurements are grouped into Levels 1 to 3 based on the degree to which the fair value measurement inputs are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- a. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;
- b. Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- c. Level 3 inputs are unobservable inputs for the asset or liability.

Basis of Consolidation

TCFHC's consolidated financial statements incorporate the financial statements of Taiwan Cooperative Financial Holding Co., Ltd. (TCFHC), and the entities controlled by TCFHC, including Taiwan Cooperative Bank, Ltd. (TCB) and its subsidiary, Co-operative Assets Management Co., Ltd. (CAM) and its subsidiary, Taiwan Cooperative Bills Finance Co., Ltd. (TCBF), Taiwan Cooperative Securities Co., Ltd. (TCS) and its subsidiary, BNP Paribas Cardif TCB Life Insurance Co., Ltd. (BPCTLI), Taiwan Cooperative Securities Investment Trust Co., Ltd. (TCSIT) and Taiwan Cooperative Venture Capital Co., Ltd. (TCVC).

The accounting policies of TCFHC and its subsidiaries are consistent.

All significant intercompany transactions and balances have been eliminated for consolidation purposes. The accompanying consolidated financial statements also include accounts of TCB's Head Office, OBU, and all branches. All interoffice account balances and transactions have been eliminated.

Total comprehensive income of subsidiaries is attributed to the owners of the TCFHC and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

For more information on the consolidated entities, please see Table 1 (attached).

Other Material Accounting Policies

In addition to the following, refer to the summary of material accounting policies of the consolidated financial statements for the year ended December 31, 2023.

- a. Impairment of financial assets

The Company recognizes a loss allowance for expected credit losses on financial assets at amortized cost (including loans and receivables), investments in debt instruments that are measured at FVTOCI, lease receivables, as well as contract assets.

The Company always recognizes lifetime expected credit loss (i.e. ECL) for receivables (excluding receivables of credits and credit cards and accrued interest from debt instruments), and lease receivables. For all other financial instruments, the Company recognizes lifetime ECL when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL.

Expected credit losses reflect the weighted average of credit losses with the respective risks of a default occurring as the weights. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

For internal credit risk management purposes, the Company determines that the following situations indicate that a financial asset is in default (without taking into account any collateral held by the Company):

- 1) Internal or external information show that the debtor is unlikely to pay its creditors.
- 2) When a financial asset is overdue for at least 90 days unless the Company has reasonable and corroborative information to support a more lagged default criterion.

The Company recognizes an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at FVTOCI, for which the loss allowance is recognized in other comprehensive income and does not reduce the carrying amount of the financial asset.

Under FSC guidelines, TCB should classify credit assets as sound credit assets or unsound credit assets, with the unsound assets further categorized as special mention, substandard, with collectability highly doubtful and uncollectable, on the basis of the customers' financial position, valuation of collaterals and the length of time of the principal repayments or interest payments that have become overdue.

TCB made 100%, 50%, 10%, 2% and 1% provisions for credits deemed uncollectable, with collectability highly doubtful, substandard, special mention and sound credit assets (excluding assets that represent claims against an ROC government agency), respectively, as minimum provisions. In addition, TCB was required to make provisions of at least 1.5% each for the sound credit assets on loans granted to clients from mainland China (including short-term trading financing) and for mortgage loans granted for housing acquisition, renovation and construction.

Under "The Regulations Governing the Procedures for Bills Finance Companies to Evaluate Assets, Set Aside Loss Reserves, and Handle Nonperforming Credits, Nonaccrual Loans, and Bad Debts" issued by the FSC, TCBF makes the following minimum provisions for losses on credits for these categories: Uncollectable - 100%; with doubtful collectability - 50%; substandard - 10%; "special mention" - 2%; and collectable (excluding assets that represent claims against an ROC government agency) - 1%.

Under the "Regulations Governing the Procedures for Insurance Institutions to Evaluate Assets and Deal with Nonperforming/Nonaccrual Loans" issued by the FSC, BPCTLI should make sufficient provisions for credit assets.

Credits deemed uncollectable may be written off if the write-off is approved by the board of directors.

b. Provisions

Provisions are the best estimate of the consideration required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties on the obligation. A provision is measured using the cash flows estimated to settle the present obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

The reserves of insurance contracts are recognized in accordance with Regulations Governing the Reserves by Insurance Enterprises and attested by actuary with accreditation from Financial Supervisory Commission. A portion of certain insurance contracts offered by the Company has the discretion participation feature and guarantee nature. However, the Company does not distinguish the value of such discretionary feature and guarantee from the insurance component of the subject insurance contracts, and recognizes such insurance contracts as insurance related liability as a whole. According to the letter No. 11004925801 announced by the Insurance Bureau, except the Company's insurance with a term of less than one year, the insurance liabilities should be calculated based on the higher amount of its revenue or revenue calculated according to the regulation. Otherwise, the provision basis are summarized as follows:

1) Unearned premium reserve

Unearned premiums of effective policies with a term of less than one year and the term of injury insurance exceeding one year are computed, by the policy types, according to the respective actual risk.

2) Claim reserve

Reserve for claim payments is for claims which are reported but not yet paid and incurred but not yet reported (IBNR). Reserve for claim payments which is reported but not yet paid is provided according to a case by case basis based on actual data. Reserve for claim payments which is incurred but not yet reported is provided based on the following rules:

a) Life insurance and health insurance with a term of less than one year

Life insurance and health insurance with a term of less than one year is provided based on historical information and actuarial principles for each type of insurance.

b) Injury insurance

Injury insurance is provided based on historical information and actuarial principles for each type of insurance.

3) Life policy reserve

Reserve of life policy is calculated according to the Regulations Governing the Reserves by Insurance Enterprises and other rulings promulgated by regulators. Calculation is based on a mortality table and projected interest rate at the time of approval of the insurance product granted by the Insurance Bureau of the Republic of China.

4) Deficiency reserve

For life, health and annuity insurance contracts, whereas insurance term is over one year and insurance premium is lower than the required reserve liability, a further reserve for deficient premiums will be required in addition to the normal insurance reserve.

In addition, for effective insurance contracts with a term less than one year, if the estimated claims and expenses are in excess of the relevant reserve for unearned premium and the expected premium to be received, the excess amount shall be provided as an addition to the deficiency reserve account.

5) Reserve for liability adequacy

According to IFRS 4 “Insurance Contracts”, additional reserve for liability adequacy shall be made pursuant to the results of the Company’s annual insurance liability adequacy tests.

The Company’s liability adequacy test is based on the whole insurance contracts, and is in accordance with Actuarial Standards of Practice of IFRS 4 - “Classification of Contracts and Liability Adequacy Test” issued by the Actuarial Institute of the Republic of China. The adequacy of insurance liabilities must be tested at each balance sheet date. The liability adequacy test is based on the difference between the net carrying amount of insurance liabilities minus deferred acquisition costs and related intangible assets and current estimates of future cash flows from insurance policies. If the net carrying amount is insufficient, the deficiency will be recognized in profit or loss.

6) Insurance contract with financial instrument features

The service fees the Company charges from investment contracts, which do not belong to investment-linked products and are with no discretionary participation features, are recognized as reserve for insurance contracts with financial instrument features. The related acquisition cost will be charged against reserve for insurance contracts with financial instrument features when the relevant insurance contracts become effective. The Company provided the reserve in accordance with the Regulations Governing the Reserves by Insurance Enterprises.

7) Reserve for foreign exchange valuation

For the life insurance enterprises manage its exposure to foreign exchange risks, reduce the cost and strengthen liquidation, in accordance with Regulations Governing the Reserves by Insurance Enterprises and the Company based on its foreign investment asset to provide the foreign exchange valuation.

Under the Guidelines on Life Insurance Reserve for Foreign Exchange Valuation and related amendments, the reserve to be provided and the terms for write-offs against the reserve are as follows:

- a) Special reserve is reclassified to reserve for foreign exchange valuation for three years from the reclassification date. For the first year, the amount cannot be less than one third of the initial amount of net income. For the first two years, the cumulative amounts cannot less than two thirds of the initial amount of net income. In this reclassification, the recovered amount should be calculated in accordance with Regulations Governing the Reserves by Insurance Enterprises.
- b) Provisions: The amounts of foreign investments multiplied by the position of net exposures and the ratio of 0.05%. 50% of the amount of the gain on foreign exchange of the assets and liabilities without hedging should be set aside as a reserve. Moreover, if the average hedging cost rate for the one-year New Taiwan Dollar to US Dollar currency swap transaction in the month is lower than the historical average hedging cost rate, a reserve fund should be set aside by multiplying the traditional hedging principal amount in the month by the difference in hedging cost rates, dividing it by 12, and then multiplying it by 25%.
- c) Write-off amounts: The loss on foreign exchange of the assets and liabilities without hedging should be set aside as a reserve, written off by fifty percent of the amount. Moreover, if the average hedging cost rate for the one-year New Taiwan Dollar to US Dollar currency swap transaction in the month is higher than the historical average hedging cost rate, a reserve fund should be set aside by multiplying the traditional hedging principal amount in the month by the difference in hedging cost rates, dividing it by 12, and then multiplying it by 25%. The balance of the reserve at the end of a month shall not be less than six times the average monthly fixed deposit amount in the previous five years.

- d) The maximum cumulative reserve is the foreign exchange risk value of the average position of net exposed foreign investment in the prior year.
 - e) If the Company has savings on hedging cost, it should appropriate from the current year's net profit an amount the same as that of these savings. However, if the net profit is not enough for this appropriation, the appropriation should be made in the year a profit is made. This reserve should be used for capital increase or for offsetting the deficit at least once in three years.
 - f) Ten percent of net profit should be provided as special reserve. However, exemption from this requirement may be obtained under the authorities' approval.
- c. Employee benefits

Retirement benefits

Pension cost for an interim period is calculated on a year-to-date basis by using the actuarially determined pension cost rate at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant plan amendments, settlements, or other significant one-off events.

- d. Income tax expense

Income tax expense represents the sum of the tax currently payable and deferred tax. Interim period income taxes are assessed on an annual basis and calculated by applying to an interim period's pre-tax income the tax rate that would be applicable to expected total annual earnings.

5. MATERIAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Company's accounting policies, which are described in Note 4, the Company's management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results may differ from these estimates.

When developing material accounting estimates, the Company considers the possible impact of climate change and related government policies and regulations on the other relevant material estimates. The estimates and underlying assumptions are reviewed on an ongoing basis.

If the Level 1 input value cannot be obtained when the fair value of a financial instrument is estimated, the Company will periodically update each input value according to market conditions to measure its fair value. For the description of fair value evaluation method and input value, please refer to Note 44.

Unless stated in other notes, the following are the critical judgments, assumptions and estimation uncertainty estimations that the Company's management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognized in the consolidated financial statements:

- a. Impairment losses on loans

Estimated impairment losses on the Company's loans is based on certain assumptions about the percentage of default and default losses. The Company makes assumptions and selects the input values for the impairment assessment based on prior experience, the current market situation and forward-looking information.

The assessment of impairment loss also takes into consideration the classification of credit assets and the possible impairment losses based on the length of time the loans have become overdue and the status of collection of the collateral. The Company evaluates the amount of impairment losses based on whether the customer's repayments of principal and interest are overdue and the length of time the payments are overdue, the estimate of value of the collateral and the debtor's financial status. If future actual cash flows are lesser than expected, a material impairment loss may arise.

b. Insurance liability and liability adequacy test

An independent actuary estimated the insurance liability and tested liability adequacy using certain actuarial principles and assumptions, which included the characteristics of each type of insurance, historical information, loss development factors, expected loss ratio and estimation of future cash flows. The management may adjust the differences between actual results and estimates, if it is necessary.

6. CASH AND CASH EQUIVALENTS

	June 30, 2024	December 31, 2023	June 30, 2023
Cash on hand	\$ 24,331,824	\$ 29,086,413	\$ 23,882,561
Notes and checks in clearing	17,288,010	17,108,734	4,971,375
Due from banks	<u>33,874,090</u>	<u>43,052,913</u>	<u>28,816,746</u>
	75,493,924	89,248,060	57,670,682
Less: Allowance for possible losses	<u>19,381</u>	<u>16,774</u>	<u>22,229</u>
	<u>\$ 75,474,543</u>	<u>\$ 89,231,286</u>	<u>\$ 57,648,453</u>

Reconciliations of cash and cash equivalents between the consolidated statements of cash flows and the consolidated balance sheets as of June 30, 2024 and 2023 are shown in the consolidated statements of cash flows. The reconciliation as of December 31, 2023 are stated below:

	December 31, 2023
Cash and cash equivalent in the consolidated balance sheet	\$ 89,231,286
Due from the Central Bank and call loans to other banks in accordance with the definition of cash and cash equivalents under IAS 7 "Statement of Cash Flows"	53,363,659
Securities purchased under resell agreements in accordance with the definition of cash and cash equivalents under IAS 7 "Statement of Cash Flows"	1,250,689
Other in accordance with the definition of cash and cash equivalents under IAS 7 "Statement of Cash Flows"	<u>368,460</u>
Cash and cash equivalents, end of the year	<u>\$ 144,214,094</u>

7. DUE FROM THE CENTRAL BANK AND CALL LOANS TO OTHER BANKS

	June 30, 2024	December 31, 2023	June 30, 2023
Reserves for deposits - account A	\$ 33,540,540	\$ 47,271,228	\$ 47,695,087
Reserves for deposits - account B	110,598,791	105,871,392	106,916,524
Reserves for deposits - community financial institutions	82,943,935	81,514,688	80,366,296
Reserves for deposits - foreign-currency deposits	659,290	538,112	585,467
Deposits in the Central Bank	39,200,000	39,200,000	39,200,000
Due from the Central Bank - others	28,819,201	30,157,434	16,597,346
Due from the Central Bank - central government agencies' deposits	2,585,904	2,263,866	3,718,408
Call loans to banks	<u>56,178,197</u>	<u>57,602,421</u>	<u>43,637,350</u>
	<u>\$ 354,525,858</u>	<u>\$ 364,419,141</u>	<u>\$ 338,716,478</u>

The deposit reserves are determined monthly at prescribed rates based on the average balances of various types of deposit accounts held by the Company. The deposit reserves are subject to withdrawal restrictions, but deposit reserves - account B and foreign-currency deposit reserves may be withdrawn anytime.

Under the guideline issued by the Central Bank of the Republic of China (CBC), Taiwan Cooperative Bank Ltd. should deposit 60 percent of the deposits of central government agencies in the CBC, and the deposits are subject to withdrawal restrictions.

8. FINANCIAL ASSETS AND LIABILITIES AT FAIR VALUE THROUGH PROFIT OR LOSS

	June 30, 2024	December 31, 2023	June 30, 2023
<u>Financial assets mandatorily classified as at fair value through profit or loss</u>			
Commercial paper	\$ 129,970,155	\$ 108,621,838	\$ 100,228,601
Negotiable certificates of deposit	2,699,005	4,396,316	1,599,288

As of June 30, 2024, December 31, 2023 and June 30, 2023, financial assets at fair value through profit or loss amounting to \$34,062,840 thousand, \$37,863,176 thousand and \$35,045,112 thousand, respectively, had been sold under repurchase agreements.

TCB enters into derivative transactions mainly to accommodate customers' needs and to manage its exposure to adverse changes in exchange rates and interest rates. TCB's strategy for hedging against risk is to reduce most of the market price risk or cash flow risk.

As of June 30, 2024, December 31, 2023 and June 30, 2023, the contract (notional) amounts of derivative transactions of TCB were as follows:

	June 30, 2024	December 31, 2023	June 30, 2023
Currency swap contracts	\$ 326,362,748	\$ 341,781,419	\$ 312,679,973
Interest rate swap contracts	11,222,034	7,517,843	4,965,744

BNP Paribas Cardif TCB Life Insurance Co., Ltd. (BPCTLI) engages in currency swap contracts and cross-currency swap contracts to reduce risks due to exchange rate and interest rate fluctuations. The objective of financial risk management of BPCTLI is to manage substantial risks due to changes in fair value or cash flow.

As of June 30, 2024, December 31, 2023 and June 30, 2023, the contract (notional) amounts of derivative transactions of BPCTLI were as follows:

	June 30, 2024	December 31, 2023	June 30, 2023
Currency swap contracts	\$ 9,547,287	\$ 9,660,970	\$ 10,329,782
Cross-currency swap contracts	423,410	399,165	404,820

BPCTLI has applied IFRS 9 since 2018, and at the same time choose to use the overlay approach of IFRS 4 “Insurance Contracts” to present the profit or loss of designated financial assets. The financial assets designated for the overlay approach were as follows:

	June 30, 2024	December 31, 2023	June 30, 2023
<u>Financial assets at FVTPL</u>			
Beneficial certificates	\$ 4,396,535	\$ 3,572,056	\$ 3,447,056
Stock	-	-	411,346

For the six months ended June 30, 2024 and 2023, for the financial assets designated for the overlay approach, the amount reclassified between profit or loss and other comprehensive income were as follows:

	For the Six Months Ended June 30	
	2024	2023
Profit or loss on application of IFRS 9	\$ 604,870	\$ 350,790
Less: Profit or loss from application of IAS 39	<u>(324,392)</u>	<u>(252,749)</u>
Gain or loss on reclassification of overlay approach	<u>\$ 280,478</u>	<u>\$ 98,041</u>

9. FINANCIAL ASSETS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME

	June 30, 2024	December 31, 2023	June 30, 2023
<u>Investments in equity instruments at FVTOCI</u>			
Listed shares and emerging market shares	\$ 57,620,907	\$ 40,112,612	\$ 36,935,956
Unlisted shares	<u>7,122,508</u>	<u>7,207,614</u>	<u>7,201,332</u>
	<u>64,743,415</u>	<u>47,320,226</u>	<u>44,137,288</u>
<u>Investments in debt instruments at FVTOCI</u>			
Government bonds	276,124,089	270,341,804	259,995,134
Corporate bonds	106,022,004	105,719,081	110,011,783
Bank debentures	92,355,551	78,353,091	71,664,532
Negotiable certificates of deposit	<u>3,772,540</u>	<u>7,517,914</u>	<u>8,872,969</u>
	<u>478,274,184</u>	<u>461,931,890</u>	<u>450,544,418</u>
	<u>\$ 543,017,599</u>	<u>\$ 509,252,116</u>	<u>\$ 494,681,706</u>

These investments in equity instruments are not held for trading. Instead, they are held for medium to long-term strategic purposes or for receiving dividends. Accordingly, the management elected to designate these investments in equity instruments as at FVTOCI as they believe that recognizing short-term fluctuations in these investments' fair value in profit or loss would not be consistent with the Company's strategy of holding these investments for long-term purposes.

For the purpose of risk diversification and profit strategy, the Company adjusted the investment position to sell part of equity instruments in the amounts of \$24,258,326 thousand and \$5,393,832 thousand for the six months ended June 30, 2024 and 2023, respectively. The accumulated unrealized valuation gain or loss of financial assets at FVTOCI under other equity in the amount of \$3,416,428 thousand and \$626,777 thousand gains have been transferred to retained earnings, respectively.

For the three months ended June 30, 2024 and 2023 and for the six months ended June 30, 2024 and 2023, the Company recognized unrealized gains on investments in equity instruments at FVTOCI of \$5,450,956 thousand and \$1,712,121 thousand gains, \$9,000,280 thousand and \$5,384,362 thousand gains, respectively.

For the three months ended June 30, 2024 and 2023 and for the six months ended June 30, 2024 and 2023, the Company recognized unrealized gains or losses on investments in debt instruments at FVOCI of \$3,991,261 thousand and \$106,636 thousand losses, \$7,676,303 thousand losses and \$3,068,846 thousand gains, respectively.

As of June 30, 2024, December 31, 2023 and June 30, 2023, the allowance for possible losses of investment in debt instruments at FVTOCI recognized was \$298,358 thousand, \$284,994 thousand and \$297,866 thousand, respectively, through expected credit loss. Impairment loss recognized in profit or loss for the three months ended June 30, 2024 and 2023 and for the six months ended June 30, 2024 and 2023 was \$3,422 thousand gains and \$4,982 thousand losses, \$1,210 thousand and \$7,128 thousand gains, respectively.

As of June 30, 2024, December 31, 2023 and June 30, 2023, financial assets at fair value through other comprehensive income amounting to \$34,476,070 thousand, \$33,178,420 thousand and \$31,685,164 thousand, respectively, had been sold under repurchase agreements.

10. INVESTMENTS IN DEBT INSTRUMENTS AT AMORTIZED COST

	June 30, 2024	December 31, 2023	June 30, 2023
Negotiable certificates of deposit in the Central Bank	\$ 392,397,901	\$ 446,295,000	\$ 473,810,000

Impairment assessment except the above receivables were based on expected credit losses model at the beginning of the current reporting period by the simplified method. On June 30, 2024, December 31, 2023 and June 30, 2023, the amounts assessment to impairment of receivables were assessed as \$29,210,559 thousand, \$22,529,877 thousand and \$23,045,495 thousand, respectively, and the amounts of allowance for possible losses were \$288,504 thousand, \$281,504 thousand and \$317,407 thousand, respectively.

The changes in allowance for possible losses by using the simplified method are summarized below:

	For the Six Months Ended June 30	
	2024	2023
Balance on January 1	\$ 281,504	\$ 306,979
Provision for possible losses	51,810	6,770
Write-offs	(40,341)	(3,174)
Recovery of written-off receivables	5,615	3,396
Effects of exchange rate changes and other changes	(10,084)	3,436
Balance on June 30	<u>\$ 288,504</u>	<u>\$ 317,407</u>

	<u>\$ 305,122</u>	<u>\$ 1,024,210</u>	<u>\$ 1,482,133</u>	<u>\$ 2,078,618</u>

As of June 30, 2024, December 31, 2023 and June 30, 2023, TCB was in compliance with the FSC-required provision for credit assets.

As of June 30, 2024, December 31, 2023 and June 30, 2023, accrual of interest on the above overdue loans had been stopped. Thus, the unrecognized interest revenue was \$60,427 thousand and \$67,455 thousand for the six months ended June 30, 2024 and 2023, respectively, based on the average loan interest rate for the year.

14. INVESTMENTS ACCOUNTED FOR USING EQUITY METHOD

	June 30, 2024		December 31, 2023		June 30, 2023	
	Amount	Percentage of Ownership (%)	Amount	Percentage of Ownership (%)	Amount	Percentage of Ownership (%)
<u>Investment in associate</u>						
United Real Estate Management Co., Ltd.	\$ 142,611	30.00	\$ 142,192	30.00	\$ 140,511	30.00
Mesh Cooperative Ventures, Inc.	-	-	-	-	3,149	22.00

Investment properties (except for land) are depreciated using the straight-line method over their estimated useful lives as follows:

Main buildings	50 years
Equipment installed in buildings	5 to 15 years

The land in Serial No. 1045, 1045-2, Youshi Sec., Yangmei Dist., Taoyuan City, held by CAM, was polluted after testing. The concentrations of heavy metals, copper and zinc were over the Soil Pollution Control Standards, and CAM had taken the necessary measures. Because the land was prohibited from construction, additions, alterations, and demolition, CAM is restricted from using the land. Taoyuan City Government issued a preliminary document on January 4, 2024, confirming that CAM was not the polluter, so CAM did not take responsibility for remediation and asked the polluter to provide the improvement plan. Then the limit of time for using restricted land depends on the result of remediation. CAM is the owner of the land and has no responsibility for remediation. Therefore, there was no impairment loss on the land as of June 30, 2024.

As of December 31, 2023 and 2022, the fair value of investment properties was \$26,116,696 thousand and \$27,333,335 thousand, respectively. The fair value belongs to Level 3, which is the amount evaluated by internal appraisal personnel according to market data comparison and in accordance with the Company's internal procedures, related regulations and evaluation by external independent evaluators. The management of the Company had assessed and determined that there was no significant changes in the fair value of investment properties for the six months ended June 30, 2024 and 2023.

The revenues generated from the investment properties are summarized as follows:

	For the Three Months Ended		For the Six Months Ended	
	June 30		June 30	
	2024	2023	2024	2023
Rental income from investment properties (part of other noninterest gains, net)	\$ 130,307	\$ 140,340	\$ 262,884	\$ 256,550
Direct operating expenses for investment properties that generate rental income	<u>(58,892)</u>	<u>(45,220)</u>	<u>(104,268)</u>	<u>(89,973)</u>
	<u>\$ 71,415</u>	<u>\$ 95,120</u>	<u>\$ 158,616</u>	<u>\$ 166,577</u>

Lease agreements on investment properties owned by the Company and rented to others are operating lease. Rentals are calculated on the basis of the leased areas and are receivable monthly, quarterly or semiannually. The lessees have no preemptive rights to buy properties at the end of the lease agreements. As of June 30, 2024, December 31, 2023 and June 30, 2023, guarantee deposits received on these leases totaled \$114,230 thousand, \$113,750 thousand and \$118,644 thousand, respectively.

Minimum future annual rentals are as follows:

	June 30, 2024	December 31, 2023	June 30, 2023

The Company leases machinery and equipment and other equipment under operating leases with lease terms of 2020 to 2029. All operating lease contracts contain market review clauses in the event that the lessees exercise their options to extend. The lessees do not have bargain purchase options to acquire the assets at the expiry of the lease periods.

Please refer to Note 16 for the minimum future annual rentals.

Depreciation expenses of operating leases equipment are depreciated on the straight-line method over their useful lives estimated as follows:

Machinery and equipment	1 to 7 years
Other equipment	1 to 7 years

18. LEASE ARRANGEMENTS

a. Right-of-use assets

	June 30, 2024		December 31, 2023		June 30, 2023
<u>Carrying amounts</u>					
Land	\$	12,199	\$	11,890	\$ 8,439
Buildings		1,527,208		1,501,661	1,615,690
Transportation equipment		110,459		64,347	78,939
Other equipment		<u>6,138</u>		<u>7,159</u>	<u>8,981</u>
	\$	<u>1,656,004</u>	\$	<u>1,585,057</u>	<u>1,712,049</u>
		For the Three Months Ended		For the Six Months Ended	
		June 30		June 30	
		2024	2023	2024	2023
<u>Depreciation charge for right-of-use assets</u>					
Land	\$	1,384	\$	1,802	\$ 3,605
Buildings		157,364		151,662	303,782
Transportation equipment		13,176		11,284	22,759
Other equipment		<u>430</u>		<u>925</u>	<u>1,900</u>
	\$	<u>172,354</u>	\$	<u>165,673</u>	<u>332,046</u>

As of June 30, 2024 and 2023, the additions to right-of-use assets of the Company was \$405,569 thousand and \$487,877 thousand, respectively.

Except for the above listed additions and recognized depreciation expenses, there was no significant sublease or impairment of the Company's right-of-use assets for the six months ended June 30, 2024 and 2023.

b. Lease liabilities

	June 30, 2024		December 31, 2023		June 30, 2023
Carrying amounts	\$	<u>1,616,936</u>	\$	<u>1,545,153</u>	<u>1,669,106</u>

Range of discount rate for lease liabilities was as follows:

	June 30, 2024		December 31, 2023		June 30, 2023
Land	1.593%	-2.076%	1.346%	-1.985%	1.346%-1.864%
Buildings	1.346%	-9.800%	1.346%	-9.800%	1.346%-9.800%
Transportation equipment	0.863%	-9.890%	0.780%	-9.700%	0.780%-9.700%
Other equipment	2.616%	-4.000%	2.445%	-4.000%	2.445%-4.000%

c. Material lease-in activities

The Company signed lease agreements on office premises due to operating activities. Rentals are calculated on the basis of leased areas and are receivable monthly, quarterly or semiannually. As of June 30, 2024, December 31, 2023 and June 30, 2023, refundable deposits on these leases totaled \$147,128 thousand, \$146,304 thousand and \$143,488 thousand, respectively.

d. Other lease information

	For the Three Months Ended June 30		For the Six Months Ended June 30	
	2024	2023	2024	2023
Expenses relating to short-term leases	<u>\$ 1,137</u>	<u>\$ 1,714</u>	<u>\$ 2,516</u>	<u>\$ 2,769</u>
Expenses relating to low-value asset leases	<u>\$ 1,035</u>	<u>\$ 992</u>	<u>\$ 2,097</u>	<u>\$ 1,096</u>
Expenses relating to variable lease payments not included in the measurement of lease liabilities	<u>\$ 1,379</u>	<u>\$ 1,116</u>	<u>\$ 2,383</u>	<u>\$ 2,783</u>

As of June 30, 2024 and 2023, the total cash outflow for leases of the Company was \$373,689 thousand and \$373,169 thousand, respectively.

The Company leases certain land, buildings, transportation equipment and other equipment which qualify as short-term leases or low-value asset leases. The Company has elected to apply the recognition exemption and thus, did not recognize right-of-use assets and lease liabilities for these leases.

(Concluded)

The computer software with limited useful lives is amortized on a straight-line basis over their useful lives of 3 to 10 years.

The carbon credits of the Company were purchased from Taiwan Carbon Solution Exchange to cooperate with the government's policy about climate change and meet the global goal of net zero emissions in 2050. The Company considers carbon credits that generate net cash inflows with indefinite useful lives as intangible assets with indefinite useful lives.

	<u>\$ 56,240,000</u>	<u>\$ 57,240,000</u>	<u>\$ 62,790,000</u>

(Concluded)

In order to establish an international financial management platform and expand the depth and breadth of wealth management and private banking businesses for high-asset clients, TCB issued first unsecured bank debentures amounted to US\$46,850 thousand on March 10, 2023: TCB issued third unsecured bank debentures amounted to US\$45,850 thousand on October 5, 2023, and TCB issued first unsecured bank debentures amounted to US\$55,400 thousand on May 3, 2024. The debentures are divided into Type A and Type B for \$32,800 thousand and \$14,050 thousand, Type A and Type B for US\$29,250 thousand and US\$16,600 thousand, and Type A and Type B for US\$32,050 thousand and US\$23,350 thousand, respectively, with a combination of fixed interest rate and structured interest rate (range accrual). TCB may make early redemption on any interest payment from the date of issue. If TCB does not make redemption before maturity, the principal of the debentures is repaid in one lump sum upon maturity, of which Type A is March 10, 2025 and Type B is March 10, 2028, and Type A is October 5, 2025, and Type B is October 5, 2028, and Type A is May 3, 2026, and Type B is May 3, 2029. To reduce its interest rate risk, TCB entered into interest rate swap contracts, which are measured at FVTPL. Furthermore, in order to eliminate accounting inconsistencies, TCB designated these debentures as financial liabilities at FVTPL, and the details were as follows:

	June 30, 2024	December 31, 2023	June 30, 2023

Reserve for insurance contracts with financial instrument features	<u>1,858</u>	<u>1,852</u>
Balance on June 30	<u>\$ 9,495</u>	<u>\$ 5,503</u>

e. Explanations for the reserve of foreign exchange variation are as follows:

1) Hedging strategy and foreign exchange exposure

To ensure the effectiveness and appropriateness of hedge for overseas investment, BNP Paribas Cardif TCB Life Insurance Co., Ltd. (BPCTLI) uses currency swap and cross-currency swap to hedge exchange rate risks. BPCTLI maintains the hedging ratio at over 95%.

2) Reconciliation of the reserve of foreign exchange variation

29. EMPLOYEE BENEFITS PLAN

a. Defined contribution plan

The pension plan under the Labor Pension Act (the Act) is a defined contribution plan. Based on the Act, the Company's monthly contributions to individual pension accounts of employees covered by the defined contribution plan is at 6% of monthly salaries and wages. The funds are deposited in individual labor pension accounts at the Bureau of Labor Insurance.

The Company recognized expense of \$145,766 thousand and \$139,940 thousand in the consolidated statement of comprehensive income for the six months ended June 30, 2024 and 2023, respectively, in accordance with the defined contribution plan.

b. Defined benefit plan

The defined benefit plan adopted by the Company in accordance with the Labor Standards Act is operated by the government. Pension benefits are calculated on the basis of the length of service and average monthly salaries of the six months before retirement. Since March 2023, TCB has adjusted 2% of the total monthly salaries and wages of employees (originally 15%) to a pension fund administered by the pension fund monitoring committee. The pension fund is managed by the Bureau of Labor Funds, Ministry of Labor (the Bureau); TCB has no right to influence the investment policy and strategy. Pension contributions are deposited in the Bank of Taiwan in the committee's name. Before the end of each year, TCB assesses the balance in the pension fund. If the amount of the balance in the pension fund is inadequate to pay retirement benefits for employees who conform to retirement requirements in the next year, TCB is required to fund the difference in one appropriation that should be made before the end of March of the next year.

Through the defined benefit plans under the Labor Standards Act, the Company is exposed to the following risks:

- 1) Investment risk: The plan assets are invested in domestic/and foreign/equity and debt securities, bank deposits, etc. The investment is conducted at the discretion of the Bureau or under the mandated management. However, in accordance with relevant regulations, the return generated by plan assets should not be below the interest rate for a 2-year time deposit with local banks.
- 2) Interest risk: A decrease in the government bond interest rate will increase the present value of the defined benefit obligation; however, this will be partially offset by an increase in the return on the plan's debt investments.
- 3) Salary risk: The present value of the defined benefit obligation is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the present value of the defined benefit obligation.

For the six months ended June 30, 2024 and 2023, the pension expenses under defined benefit plan recognized in the consolidated statements of comprehensive income amounted to \$173,239 thousand and \$181,445 thousand, respectively. For more information about the defined benefit plan, refer to Note 29 of the consolidated financial statements for the year ended December 31, 2023.

c. Employees' preferential deposit plan

TCB's payment obligations on fixed-amount preferential interest deposits for retired employees and current employees after retirement are in compliance with TCB's internal rules. Under the Guidelines Governing the Preparation of Financial Reports by Public Banks, TCB should determine the excess interest from the preferential interest deposits of employees by applying an actuarial valuation method when the employees retire.

For the six months ended June 30, 2024 and 2023, the employee preferential deposit expense under employee's preferential deposit plan recognized in the consolidated statements of comprehensive income amounted to \$381,940 thousand and \$348,219 thousand, respectively. For more information about the employee preferential deposit plan, refer to Note 29 of the consolidated financial statements for the year ended December 31, 2023.

For the three months ended June 30, 2024 and 2023 and for the six months ended June 30, 2024 and 2023, dividends revenue related to derecognized investments were \$246,880 thousand, \$95,303 thousand, \$392,520 thousand and \$106,804 thousand, respectively, and dividends revenue related to investments held on June 30, 2024 and 2023 were \$582,193 thousand and \$1,471,276 thousand, respectively.

37. EMPLOYEE BENEFITS, DEPRECIATION AND AMORTIZATION EXPENSES

a. Employee benefits expenses

	For the Three Months Ended June 30		For the Six Months Ended June 30	
	2024	2023	2024	2023
Salaries	\$ 2,517,767	\$ 2,397,530	\$ 5,022,107	\$ 4,797,381
Incentives	929,856	829,204	1,824,212	1,778,226
Excessive interest from preferential interest deposits	288,248	275,363	578,810	549,404
Post-employment benefits, termination benefits and compensation	190,967	161,902	358,528	327,956
Overtime	117,392	108,375	225,914	210,519
Others	<u>693,042</u>	<u>642,063</u>	<u>1,321,848</u>	<u>1,223,871</u>
	<u>\$ 4,737,272</u>	<u>\$ 4,414,437</u>	<u>\$ 9,331,419</u>	<u>\$ 8,887,357</u>

Under the amended Articles, TCFHC will make distributions at percentages from 0.01% to 0.08% and up to 1% of its annual profit (pretax income which exclude compensation of employees and remuneration to directors) for the employees' compensation and directors' remuneration, respectively. However, the actual appropriation of the compensation and remuneration should be made only from the annual net income less any accumulated deficit. For the six months ended June 30, 2024 and 2023, compensations of employees were estimated at \$1,626 thousand and \$1,447 thousand and the remuneration of directors were estimated at \$59,606 thousand and \$52,361 thousand, respectively, based on the amended Articles and past experiences.

Material differences between such estimated amounts and the amounts approved by the board of directors on or before the annual consolidated financial statements are authorized for issue are adjusted in the year the compensation and remuneration were recognized. If there is a change in the approved amounts after the annual consolidated financial statements are authorized for issue, the differences are recorded as a change in accounting estimate.

The appropriations of employees' compensation and remuneration of directors for 2023 and 2022 approved by the board of directors on March 13, 2024 and March 13, 2023, respectively, were as follows:

	For the Year Ended December 31	
	2023	2022
Employees' compensation - cash	\$ 2,588	\$ 3,093
Remuneration of directors - cash	94,901	111,910

There was no difference between the amounts of the employees' compensation and remuneration of directors approved by the board of directors and the amounts recognized in the consolidated financial statements.

Information on the employees' compensation and remuneration of directors approved by the TCFHC's board of directors is available on the Market Observation Post System website of the Taiwan Stock Exchange (<https://emops.twse.com.tw>).

d. The years for which TCFHC and other subsidiaries' income tax returns had been examined by tax authorities were as follows:

<u>TCFHC</u>	<u>TCB</u>	<u>CAM</u>	<u>TCBF</u>	<u>TCS</u>	<u>BPCTLI</u>	<u>TCSIT</u>	<u>TCVC</u>
2019	2019	2019	2019	2019	2021	2019	2019

e. Pillar Two income tax legislation

In June 2024, the government of Belgium, where TCB's subsidiary is incorporated, enacted the Pillar Two income tax legislation effective January 1, 2024. Because not all adjustments that would have been required by the legislation were made, TCB is continuing to assess the impact of the Pillar Two income tax legislation on its future financial performance.

In June 2024, the government of Australia, where TCB is incorporated, initiated the Pillar Two income tax legislation. Since the Pillar Two income tax legislation was not effective at the reporting date, TCB has not related current tax exposure.

Under the legislation, the Company will be required to pay, in Belgium, Australia and Hong Kong, a top-up tax on the profits of the group entities that are taxed at an effective tax rate of less than 15 percent. As of June 30, 2024, the Company assessed that it did not have a material impact.

39. EARNINGS PER SHARE

The numerators and denominators used in calculating earnings per share (EPS) were as follows:

	Net Income (Numerator)	Shares (Denominator in Thousands)	Earnings Per Share (NT\$)
<u>For the three months ended June 30, 2024</u>			
Basic EPS	\$ 4,858,817	15,224,210	<u>\$ 0.32</u>
Effect of dilutive common stock:			
Employees' compensation	_____ -	_____ 63

The weighted-average number of shares outstanding for EPS calculation has been retroactively adjusted to reflect the effects of the stock dividends distributed in the year following earning appropriation.

	Before Adjusted Retrospectively		After Adjusted Retrospectively	
	For the Three Months Ended June 30, 2023	For the Six Months Ended June 30, 2023	For the Three Months Ended June 30, 2023	For the Six Months Ended June 30, 2023
	Basic EPS (NT\$)	<u>\$ 0.32</u>	<u>\$ 0.65</u>	<u>\$ 0.30</u>
Diluted EPS (NT\$)	<u>\$ 0.32</u>	<u>\$ 0.65</u>	<u>\$ 0.30</u>	<u>\$ 0.63</u>

The Company can select to distribute employees' compensation by stock or by cash. If the compensation is in the form of shares, the Company should presume that the entire amount of the compensation will be settled in shares, and the resulting potential shares should be included in the weighted average number of shares outstanding to be used in calculating diluted earnings per share (EPS) if the shares have a dilutive effect. The dilutive effects of the potential shares needs to be included in the calculation of diluted EPS until the stockholders resolve the number of shares to be distributed to employees in the following year.

40. EQUITY

a. Capital stock

Common stocks

	June 30, 2024	December 31, 2023	June 30, 2023
Number of shares authorized (in thousands)	<u>20,000,000</u>	<u>20,000,000</u>	<u>15,000,000</u>
Authorized capital	<u>\$ 200,000,000</u>	<u>\$ 200,000,000</u>	<u>\$ 150,000,000</u>
Number of shares issued and fully paid (in thousands)	<u>14,709,382</u>	<u>14,709,382</u>	<u>14,008,935</u>
Common stocks issued	<u>\$ 147,093,822</u>	<u>\$ 147,093,822</u>	<u>\$ 140,089,354</u>

Fully paid common stocks, which have a par value of \$10, carry one vote per share and carry a right to dividends.

On June 16, 2023, the stockholders of TCFHC resolved to issue 700,447 thousand shares, which included the shares distributed by capital surplus to \$7,004,468 thousand. This issuance was approved by the FSC and MOEA.

On June 21, 2024, the stockholders of TCFHC resolved to issue 514,828 thousand shares, which included the 2023 earnings amounting to \$5,148,284 thousand. This issuance was approved by the FSC, and the change in registration is awaiting the MOEA to approve the change in registration.

b. Capital surplus

Under related regulations, capital surplus may only be used to offset a deficit. But capital surplus from the issuance of shares in excess of par value (including additional paid-in capital from the issuance of common shares and capital surplus from mergers and treasury stock transactions) and donations to the Company may be distributed as cash dividends or transferred to common stock on the basis of the percentage of shares held by the stockholders. Any capital surplus transferred to common stock should be within a certain percentage prescribed by law.

Under the Financial Holding Company Law and related directives issued by the Securities and Futures Bureau (SFB), the distribution of the ex-conversion unappropriated earnings that are generated by financial institutions (the subsidiaries) and become part of capital surplus of the financial holding company through a share swap is exempted from the appropriation restriction of the Securities and Exchange Law. These unappropriated earnings should be net of the appropriation of legal reserve or special reserve.

The capital surplus as of June 30, 2024 came from the issuance of shares in excess of par value and treasury stock transactions. Capital surplus sources and uses were as follows:

Sources

From subsidiaries

Capital surplus (mainly additional paid-in capital from share issuance in excess of par value)	\$ 27,783,766
Legal reserve	15,799,245
Special reserve	195,968
Unappropriated earnings	<u>10,410,804</u>
	54,189,783
Additional paid-in capital from TCFHC's share issuance in excess of par value	3,861,434
Cash dividends from TCFHC received by subsidiary	148,857
Additional paid-in capital from TCFHC's share issuance in excess of par value	12,642,000
Share-based payment for the subscription for TCFHC's new shares by the employees of TCFHC and its subsidiaries	618,750
Unclaimed dividends	<u>13,801</u>
	71,474,625

Uses

Issuance of TCFHC's stock and cash dividends in 2012	(6,360,660)
Issuance of TCFHC's stock dividends in 2013	(1,625,333)
Subsidiaries' disposal of the shares of TCFHC regarded as reissuance of treasury stock	(148,857)
Issuance of TCFHC's stock dividends in 2014	(4,307,133)
Issuance of TCFHC's stock dividends in 2015	(1,054,498)
Issuance of TCFHC's stock and cash dividends in 2023	<u>(12,327,864)</u>
	<u>\$ 45,650,280</u>

c. Special reserve

For the first-time adoption of IFRS Accounting Standards, TCFHC should appropriate to a special reserve an amount that was the same as those of unrealized revaluation increment and cumulative translation differences (gains) transferred to retained earnings as a result of the Company's use of exemptions under IFRS 1. However, on the date of transitions to IFRS Accounting Standards, if the increase in retained earnings that resulted from all IFRS Accounting Standards adjustments is not enough for this appropriation, only the increase in retained earnings that resulted from all IFRS Accounting Standards adjustments will be appropriated to special reserve. The special reserve appropriated as above may be reversed in proportion to the usage, disposal or reclassification of the related assets and thereafter distributed. The special reserve appropriated for the first-time adoption of IFRS Accounting Standards may be used to offset deficits in subsequent years. No appropriation of earnings shall be made until any shortage of the aforementioned special reserve is appropriated in subsequent years if the Company has earnings and the original need to appropriate a special reserve is not eliminated.

The increase in retained earnings that resulted from all IFRS Accounting Standards adjustments was not enough for this appropriation; therefore, TCFHC appropriated to the special reserve an amount of \$1,086,876 thousand on January 1, 2013, an increase in retained earnings that resulted from all IFRS Accounting Standards adjustments on transitions to IFRS Accounting Standards.

Information regarding the above special reserve appropriated or reversed on elimination of the original need to appropriate a special reserve was as follows:

	For the Six Months Ended June 30	
	2024	2023
Balance on January 1	\$ 985,539	\$ 985,539
Reversed on elimination of the original need to appropriate a special reserve:		
Disposal of properties and equipment	_____ -	_____ -
Balance on June 30	<u>\$ 985,539</u>	<u>\$ 985,539</u>

According to the provisions of the Order No. 1090150022 Order of the Financial Supervisory Commission R.O.C. TCFHC appropriated to the special surplus reserve of the same amount, which occurred from the net deduction of other equity items recorded in the current period. The information provided by the Bank in accordance with the letter is as follows:

	For the Six Months Ended June 30, 2024	For the Six Months Ended June 30, 2023
Balance on January 1	\$ 20,524,180	\$ -
Special (reversal) reserve	<u>(14,382,062)</u>	<u>20,524,180</u>
Balance on June 30	<u>\$ 6,142,118</u>	<u>\$ 20,524,180</u>

d. Appropriation of earnings

For expanding the business scale and enhancing the profitability, TCFHC adopts the surplus dividend policy under the related law.

When TCFHC appropriated its earnings, legal reserve is appropriated from the annual net income less any accumulated deficit. A special reserve was then appropriated depending on regulation requirement and operation needs. Any remainder together with any undistributed retained earnings shall be used for proposing a distribution plan, which should be resolved in the stockholders' meeting for distribution of dividends.

Unless otherwise restricted by related regulations, TCFHC's policy indicates that cash dividends must be 10% or above of the total dividends and bonuses distributed. If the cash dividend per share is less than NT\$0.1, the cash dividend will not be distributed unless the distribution is resolved in the stockholders' meetings.

Under the Company Law, legal reserve should be appropriated until the reserve equals TCFHC's paid-in capital. This reserve should only be used to offset a deficit. When the reserve exceeds 25% of TCFHC's paid-in capital, the excess may be used to issue new shares or distribute as cash dividends.

Under related regulations, a special reserve is appropriated from the balance of the retained earnings at an amount from the net income and unappropriated earnings that is equal to the debit balance of accounts in the stockholders' equity section. The special reserve should be appropriated from the prior years' unappropriated earnings to the extent of the debit balance accumulated from prior years, and such special reserve should not be appropriated.

If there is difference between the appropriation of special reserve and net amount of deduction in other stockholder's equity, the Company should appropriate on additional amount of special reserve in the first-time adoption of IFRS Accounting Standards. Afterwards, if there is any reversal in of the deduction in other stockholder's equity, the Company is allowed to appropriate retained earnings from the reversal amount.

The appropriations from the earnings of 2023 and 2022 were approved in the stockholders' meeting on June 21, 2024 and June 16, 2023, respectively. The appropriations and dividends per share were as follows:

	<u>Appropriation of Earnings</u>		<u>Dividends Per Share (NT\$)</u>	
	<u>2023</u>	<u>2022</u>	<u>2023</u>	<u>2022</u>
Legal reserve	\$ 1,706,475	\$ 2,149,776		
Special reserve	-	20,524,180		
Cash dividends	9,561,098	1,681,072	\$ 0.65	\$ 0.12
Stock dividends	5,148,284	-	0.35	-

The appropriation of earnings for 2022 was proposed by the stockholders' meeting on June 16, 2023. The effects of stock dividends transferred from capital surplus to common stock and dividends per share were as follows:

	<u>Appropriation of Earnings</u>	<u>Dividends Per Share (NT\$)</u>
Cash dividends	\$ 5,323,396	\$ 0.38
Stock dividends	7,004,468	0.50

Information on the appropriation of earnings is available at the Market Observation Post System website of the Taiwan Stock Exchange (<https://emops.twse.com.tw>).

e. Non-controlling interests

	<u>For the Six Months Ended June 30</u>	
	<u>2024</u>	<u>2023</u>
Balance on January 1	\$ 5,888,411	\$ 5,316,401
Attributable to non-controlling interests		
Net income	294,339	311,186
Exchange differences on the translation of financial statements of foreign operations	5,883	7,486
Unrealized valuations losses on financial assets at FVTOCI	(313,558)	95,583
Other comprehensive income reclassification of overlay approach	138,439	46,923
Cash dividends distributed by subsidiary	<u>(472,048)</u>	<u>(175,332)</u>
Balance on June 30	<u>\$ 5,541,466</u>	<u>\$ 5,602,247</u>

41. RELATED-PARTY TRANSACTIONS

Taiwan Cooperative Financial Holding Co., Ltd. is the ultimate parent of the Company, and the Ministry of Finance is the major government stockholder. Based on IAS 24 “Related Party Disclosures” the Company’s transactions with government-related parties are exempt from disclosure requirements. All transactions, account balances, earnings, expenses and gains (losses) on transactions between the Company and subsidiaries have all been excluded from consolidation and are not disclosed in this note.

In addition to those mentioned in other notes, the related-party transactions are summarized as follows:

a. Related parties

Related Party	Relationship with the Company
United Real Estate Management Co., Ltd.	Associated enterprise
Mesh Cooperative Ventures Inc.	Associated enterprise (disposal on October 30, 2023)

TCB	<u>\$ 823</u>	<u>\$ 203,999</u>	<u>\$ 4</u>

d. Salaries, bonuses and remunerations to main management

The salaries, bonuses and remunerations of the directors and main management for the six months ended June 30, 2024 and 2023, are summarized as follows:

	For the Six Months Ended June 30	
	2024	2023
Salaries and other short-term employment benefits	\$ 73,220	\$ 97,318
Post-employment benefits	2,230	2,038
Interest arising from the employees' preferential rate in excess of normal rates	<u>742</u>	<u>740</u>
	<u>\$ 76,192</u>	<u>\$ 100,096</u>

42. PLEDGED ASSETS

- a. In addition to those mentioned in other notes, the values of the pledged bonds and certificates of deposit are summarized as follows:

	June 30, 2024	December 31, 2023	June 30, 2023
Financial assets mandatorily classified as at fair value through profit or loss - negotiable certificates of deposit	\$ 707,324	\$ 400,000	\$ 300,000
Financial assets at fair value through other comprehensive income - debt instrument investments	374,685	184,230	182,016
Investments in debt instruments at amortized cost	84,425,755	84,294,516	84,351,448
Other financial assets - due from banks	<u>240,000</u>	<u>397,701</u>	<u>399,935</u>
	<u>\$ 85,747,764</u>	<u>\$ 85,276,447</u>	<u>\$ 85,233,399</u>

To comply with the Central Bank of the Republic of China's (CBC) Interbank Funds Transfer and Settlement System for real-time gross settlement (RTGS), the pledged time deposits are mainly to provide the Central Bank of the Republic of China's (CBC) foreign currency fund lending warranty as of June 30, 2024, December 31, 2023 and June 30, 2023. The pledged amount may be adjusted anytime, and the unused overdraft amount at the end of a day can also be treated as TCB's liquidity reserve. The remaining bonds and time deposits are used as preparation and collateral for various businesses.

- b. To expand their capital sourcing and enhance their liquidity position, TCB's Seattle Branch, Los Angeles Branch, New York Branch, and Houston Branch obtained access privileges at the Discount Window Account of the Federal Reserve Bank. For this access, the three branches pledged the following assets:

(In Thousands of U.S. Dollars)

Date	Outstanding Loan Balance	Collateral Value
June 30, 2024	<u>\$ 502,915</u>	<u>\$ 419,154</u>
December 31, 2023	<u>\$ 488,219</u>	<u>\$ 411,019</u>
June 30, 2023	<u>\$ 469,291</u>	<u>\$ 396,466</u>

- c. As of June 30, 2024, December 31, 2023 and June 30, 2023, due to the KHR loans borrowed from the National Bank of Cambodia, up to US\$8,300 thousand, US\$25,525 thousand and US\$25,520 thousand in TCB's Phnom Penh Branch's due from the Central Bank, Negotiable certificates of deposit were provided as collateral to the National Bank of Cambodia in accordance with the relevant regulations.

43. SIGNIFICANT CONTINGENT LIABILITIES AND UNRECOGNIZED COMMITMENTS

In addition to those mentioned in other notes, the significant commitments and contingencies were as follows:

- a. Taiwan Cooperative Financial Holding Co., Ltd.

As of June 30, 2024, TCFHC's outstanding major construction and procurement contracts amounted to \$194,619 thousand, of which \$122,106 thousand was still unpaid.

- b. Taiwan Cooperative Bank, Ltd.

1) As of June 30, 2024, TCB's outstanding major construction and procurement contracts amounted to \$887,526 thousand, of which \$621,036 thousand was still unpaid.

2) According to the joint venture contract signed with BNP Paribas Assurance (BNPPA), TCB signed the tri-party agreement with BNP Paribas Cardif TCB Life Insurance Co., Ltd. (BPCTLI) and Cooperative Insurance Broker Co., Ltd. (CIB) on April 13, 2010, which identified BPCTLI as the sole supplier of life insurance products for TCB and CIB, also applying TCB's marketing channels to sell life insurance products. Since TCB merged with the CIB on June 24, 2016, TCB signed a two-party agreement with BPCTLI on March 30, 2018 to replace the original tri-party agreement, the rights and obligations of the CIB were assumed by TCB.

- c. Taiwan Cooperative Bills Finance Cooperation Ltd.

As of June 30, 2024, the commitments or contingencies arose from business were as follows:

	June 30, 2024
Guarantees of commercial paper	<u>\$ 32,415,500</u>
Purchase of reference-rate commercial paper	<u>\$ 6,450,000</u>

d. Taiwan Cooperative Securities Co., Ltd. (TCS)

As of June 30, 2024, TCS's agreements on the house decoration project and acquisition equipment amounted to \$30,781 thousand, of which \$18,588 thousand was still unpaid.

44. FINANCIAL INSTRUMENTS

a. Fair values of financial instruments that are not measured at fair value

	<u>June 30, 2024</u>		<u>December 31, 2023</u>		<u>June 30, 2023</u>	
	<u>Carrying Amount</u>	<u>Estimated Fair Value</u>	<u>Carrying Amount</u>	<u>Estimated Fair Value</u>	<u>Carrying Amount</u>	<u>Estimated Fair Value</u>
<u>Financial assets</u>						
Investments in debt instruments at amortized cost	\$ 672,854,182	\$ 664,891,320	\$ 705,008,604	\$ 702,298,543	\$ 724,475,702	\$ 721,044,075
<u>Financial liabilities</u>						
Bonds payable	76,240,000	76,057,163	77,240,000	77,398,413	82,790,000	83,016,900

Fair value hierarchy as at June 30, 2024, December 31, 2023 and June 30, 2023:

June 30, 2024

	Total	Level 1	Level 2	Level 3
<u>Financial assets</u>				
Investments in debt instruments at amortized cost	\$ 664,891,320	\$ 463,677	\$ 664,264,793	\$ 162,850
<u>Financial liabilities</u>				
Bonds payable	76,057,163	-	76,057,163	-

December 31, 2023

	Total	Level 1	Level 2	Level 3
<u>Financial assets</u>				
Investments in debt instruments at amortized cost	\$ 702,298,543	\$ 465,362	\$ 701,679,656	\$ 153,525
<u>Financial liabilities</u>				
Bonds payable	77,398,413	-	77,398,413	-

June 30, 2023

	Total	Level 1	Level 2	Level 3
<u>Financial assets</u>				
Investments in debt instruments at amortized cost	\$ 721,044,075	\$ 464,439	\$ 720,363,616	\$ 216,020
<u>Financial liabilities</u>				
Bonds payable	83,016,900	-	83,016,900	-

In addition to those listed above, the management level considered other financial instruments which are not measured at fair value closed to their fair value.

- b. The valuation techniques and assumptions the Company uses for determining fair values are as follows:

The fair values of financial instruments traded on active markets are based on quoted market prices. However, in many instances where there are no quoted market prices for the Company's various financial instruments, fair values are based on estimates using other financial data and appropriate valuation methodologies. The financial data obtained by the Company for making estimations and assumptions for financial instrument valuation is consistent with those used by other market participants to price financial instruments. Fair values of forward contracts, currency swap contracts, foreign-currency margin contracts, cross-currency swap contracts and interest rate swap contracts are calculated using the discounted cash flow method, unless the fair values are provided by counter-parties. Fair values of option contracts are based on estimates using the Black Scholes pricing model.

The Company estimates the fair value of each forward contract on the basis of the swap points quoted by Refinitiv on each settlement date. Fair values of interest rate swap contracts and cross-currency swap contracts are calculated using the Bloomberg information system, unless the fair values are provided by counterparties. The calculation of the fair value of each option contract is based on the mid-price (the average of bid and ask prices) quoted by Refinitiv and applied consistently.

For debt instruments with no active market, if there are theoretical prices from Taipei Exchange (TPEX, an over-the-counter securities exchange) on the balance sheet date, they are used as the basis for evaluating the fair value of debt instruments with no active market. Otherwise, the latest trade prices and quoted prices by major markets are used. The fair values of bank debentures are recorded as follows: (a) debentures with no maturity dates - at book values; (b) debentures with floating interest rates - at theoretical prices quoted by the GTSM; and (c) debentures with fixed interest rates - at estimates reached using the discounted cash flow method. The discount rates used were between 1.3698% and 2.0403%, between 1.0889% and 1.6705%, between 1.1725% and 1.6384% as of June 30, 2024, December 31, 2023 and June 30, 2023, respectively, and were comparable with interest rates for loans with similar terms and characteristics.

Evaluation technique and input of fair value measurement at Level 3

The Company adopts the market approach, adjusted net asset method, and income approach for domestic unlisted equity investment. Under the market approach, the Company selects similar industries with the target company. The main business model is similar and the products and scales are close to the comparable listed companies. The fair value estimation is based on the information of the listed company, or the price-book ratio (P/B) of the industry to which the target is evaluated is estimated as the multiplier of the fair value estimate. Under the adjusted net asset method, the overall value of a company or business is evaluated by the total market value of individual assets and individual

liabilities of the target company with the consideration of the discount for lack of marketability and for minority interest. Acquired loans are evaluated by the income approach. The estimated income was estimated by discounting future cash flows. The significant unobservable input used is discount for lack of marketability and discount for minority interest. A decrease in discount for lack of marketability and for minority interest used in isolation would result in increases in fair value. The Company adopts the discount for lack of marketability at 10% to 45% and for minority interest at 10% to 16.7% and 10% on June 30, 2024, December 31, 2023 and June 30, 2023. With other input values remaining and a change in discount for lack of marketability or for minority interest input value to reflect reasonable assumptions, the amount of fair value of investment in equity instruments will increase (decrease) as follows:

	June 30, 2024	December 31, 2023	June 30, 2023
Discount for lack of marketability			
Increase 10%	<u>\$ (1,208,572)</u>	<u>\$ (1,197,120)</u>	<u>\$ (1,184,323)</u>
Decrease 10%	<u>\$ 1,208,572</u>	<u>\$ 1,197,120</u>	<u>\$ 1,184,323</u>
Discount for minority interest			
Increase 10%	<u>\$ (37,220)</u>	<u>\$ (37,334)</u>	<u>\$ (35,636)</u>
Decrease 10%	<u>\$ 37,220</u>	<u>\$ 37,334</u>	<u>\$ 35,636</u>

- c. The fair value hierarchy of the Company's financial instruments measured at fair value on a recurring basis as of June 30, 2024, December 31, 2023 and June 30, 2023 were as follows:

1) Fair Value Hierarchy

Amount payable at maturity	<u>4,804,075</u>	<u>2,834,072</u>	<u>1,458,909</u>
	<u>\$ (129,351)</u>	<u>\$ (59,534)</u>	<u>\$ (41,337)</u>

	Changes in Fair Value Attributable to Changes in Credit Risk
Change in amount during the period	
As of June 30, 2024	\$ (3,222)
As of June 30, 2023	<u>\$ (964)</u>
Accumulated amount of change	
As of June 30, 2024	<u>\$ (16,236)</u>
As of December 31, 2023	<u>\$ (13,014)</u>
As of June 30, 2023	<u>\$ (964)</u>

The change in fair value attributable to changes in credit risk recognized as other comprehensive income was calculated as the difference between the total change in fair value of bank debentures and the change in fair value due to changes in market risk factors. The change in fair value due to market risk factors was calculated using benchmark interest yield curves as at the end of the reporting period holding the credit risk margin constant. The fair value of bank debentures was estimated by discounting future cash flows using quoted benchmark and TCB's interest yield curves as at the end of the reporting period and by obtaining lender quotes for borrowings with similar maturities to estimate the credit risk margin.

e. Information on financial risk management

Taiwan Cooperative Financial Holding Co., Ltd.

1) Risk management

TCFHC and its subsidiaries' risk management goals are to develop a sound risk management mechanism under the principles of customer service, business continuity management, risk appetite, and compliance with related laws and regulations and expected-return standards and to enhance stockholder's equity. Major risks faced by TCFHC and its subsidiaries include on-balance-sheet and off-balance-sheet credit risks, market risks (including interest rate, exchange rate, equity security and financial product risks), operational risk and liquidity risks.

To effectively identify, measure, manage, and monitor various types of risks and to achieve profit objectives under a reasonable risk, both TCFHC and its subsidiaries have developed risk management policies, regulations and procedures, which have been approved by the board of directors.

The board of directors is the highest decision-making unit of TCFHC's risk management system and takes the ultimate overall, responsibility for risk management. The risk management committee is in charge of setting risk management policies and indicators, monitoring TCFHC and its subsidiaries' various risk situations and operating procedures, and coordinating and supervising the execution of risk management. The risk management division is in charge of TCFHC's risk management policy planning, capital adequacy calculating and assessing, emergency contingency plan making, and periodically monitoring and reporting TCFHC and its subsidiaries' risk control and management execution as required by regulations.

Each subsidiary' board of directors is the highest decision-making unit of each subsidiaries' risk management system and takes the ultimate overall responsibility for risk management. Each subsidiary has also established a risk management committee or independent risk management unit, which is in charge of the execution of risk management procedures.

2) Credit risk

Credit risk refers to the deterioration of the borrowers, issuers or counterparties' repayment capacity or other factors (dispute between a borrower and its counterparty, for instance), which leads to borrowers, issuers or counterparties' breach of contracts, resulting in default losses. Credit risk comes from both on-balance-sheet and off-balance-sheet transactions. TCFHC and its subsidiaries' on-balance-sheet credit-risk exposure come from loans, due from and call loans to other banks, security investments and derivatives. The off-balance-sheet credit risk exposure comes from guarantees, letters of acceptance, letters of credit and loan contracts.

TCFHC and its subsidiaries must closely analyze every on-balance-sheet and off-balance-sheet transaction to recognize existing and potential credit risk. On the basis of the Company's operating conditions and the principle of sound risk distribution, every risk factor should be managed, risk situations should be analyzed and assessed, limits on concentration of credit risk should be set, and a risk monitoring and warning mechanism should be established.

3) Market risk

Market risk refers to unfavorable market price fluctuations, which affect the on-balance-sheet and off-balance-sheet positions. Market price refers to interest rate, foreign-exchange rate, equity security price and financial product prices. TCFHC and its subsidiaries' market risk management procedures include risk identification, measurement, and assessment as well as risk monitoring and reporting.

TCFHC and its subsidiaries' risk management staff analyze and assess market risk position data, monitor market risks position and gains or losses, and periodically and make reports to the risk management committee and board of directors for managements' decision making. Each subsidiary has various authorized investment amounts and stop loss regulations based on the overall risk management target and product attributes and periodically prepare management reports on the control and management of each market risk.

Effect of interest rate benchmark reform

The Company's non-derivative financial assets are exposed to LIBOR which is subject to interest rate benchmark reform. The Company established a LIBOR transition project plan, and this transition project was accomplished risk management policy adjustment, internal procedures modification, information system update, financial instrument valuation model adjustment and related issues of accounting.

The following table contains details of non-derivative financial instruments held by the Company at June 30, 2024 which are subject to the reform and have not transitioned to an alternative benchmark interest rate:

	Carrying Amount
Financial assets that reference USD LIBOR	
Financial assets at FVTOCI	<u>\$ 2,189,025</u>

Debt investments are mainly due to the consideration of some bond issuers by the ICE Benchmark Administration which continues to provide synthetic LIBOR in U.S. dollars for the corresponding date until September 2024, so the announcement of the target interest rate conversion date is postponed.

4) Liquidity risk

Liquidity risk refers to the possible financial losses that may arise because of the inability to liquidate assets or to pay financial liabilities when they become due. Examples of liquidity risk-related situations are the early withdrawal of deposits, transaction terms becoming more stringent, increase in borrowers' defaults, a financial instrument becoming illiquid, and the early cancellation of a floating rate insurance product policy. These situations may deplete TCFHC and its subsidiaries' capital resources, requiring them to seek loans, and do fund-raising and investment activities. In extreme situations, lack of liquidity may cause the potential risk of the inability to enter into lending transactions. For the reduction of liquidity strains on the bank funding market, there is a bank liquidity risk channel.

TCFHC and its subsidiaries separately execute their respective liquidity management procedures, and this execution is monitored by an independent risk management division, which periodically prepares related reports for submission to TCFHC and its subsidiaries' risk management committees and the board of directors.

Taiwan Cooperative Bank Ltd. and subsidiary

1) Risk management

The objective of risk management is to develop a sound risk management mechanism, and on the basis of the risk tolerance level and the expected return level, pursue the maximum value of stockholders' investments. The main risks faced by TCB include the business credit risk on- and off- balance-sheet, market risks (including interest, exchange, equity security, and commodity risks) and liquidity risk.

TCB has risk management policies and risk monitoring procedures, which have been reviewed and approved by the Board and are used to effectively identify, measure, monitor and control credit, market, and operating and liquidity risks.

The Board, the highest decision-making unit for the risk management, takes charge of approving the risk management policy and system and building the risk management culture. It also takes ultimate responsibility for overall risk management.

Under the risk management decision approved by the Board, the risk management committee takes charge of and reviews all TCB's risk management implementation, capital adequacy assessment, and risk exposure management. It also communicates and the inter-departmental risk management issues and coordinates issue handling and continually monitors the execution of risk management procedures.

The risk management department is responsible for planning and designing the risk management system, deliberating capital allocation, setting up the instruments for risk measurement and capital provision, and monitoring risk control. This department also regularly prepares reports for submission to senior management, the risk management committee and the Board.

Under the business management regulation and risk policy, the business supervising unit manages and oversees each business unit toward proper risk management and carries out risk review and control. In addition, the audit department determines the annual audit plan based on the risk assessment results of TCB's risk-based internal audit system, conducts audits according to the types and frequency of audits specified in the annual audit plan and provides timely recommendations for improvement.

2) Credit risk

a) Credit risk management policy

Credit risk refers to a borrower, a financial instrument issuer or a transaction counterparty undergoing financial difficulty or other adverse situations (such as a dispute between the borrower and its business partner), which could result in loss due to breach of contract. Credit risk can come from on- and off-balance-sheet items. On-balance sheet items are mainly lending, due from bank and call loans to other banks, security investment and derivatives. Off-balance sheet items are mainly guarantees, acceptance, letters of credit and loan commitments.

The risk management policy, which is founded on the basic principles of safety, liquidity, profitability, welfare and growth, is implemented by the credit risk management division toward the cultivation of a risk management culture. All on- and off-balance sheet transactions should be detailed analyzed in detail to identify existing and potential credit risk. Based on TCB's business characteristics and the principle of risk diversification, risk status is analyzed and evaluated, centralized limits are set, and a risk monitoring and alert mechanism has been developed and operated. For a more effective credit risk evaluation, an internal rating system has been created to enhance the ability to quantify risk.

TCB's main business items that are measured and managed for credit risks are as follows:

i. Loans business (including loan commitments and guarantees)

Credit assets are classified into five categories. In addition to normal credit assets that are classified as sound assets, the unsound assets are classified, on the basis of the valuation of collaterals and the length of time the payments become overdue, as special mention, substandard, with collectability high doubtful and uncollectable. TCB and its subsidiary also set up policies for the management of doubtful credits and the collection of overdue debts to deal with collection problems.

TCB and its subsidiary apply to its credit business the so-called "5Ps of credit analysis" as the basis for lending approval and evaluation of its counterparties. These 5Ps are: People (know customers' background and their credit status well); purpose (what will the fund be used for); payment (the borrower's ability to repay an obligation when it falls due); protection (TCB and its subsidiary's recourse on repayment defaults); and perspective (how the credit is seen in light of rewards and risks). After a loan is granted, the transaction is reviewed and monitored to ensure TCB and its subsidiary's creditor's rights.

To quantify credit risk, TCB and its subsidiary apply statistical methods using customers' qualitative data and lending history to develop a rating module for corporate finance and consumer finance. This module is used to create an internal credit rating system for risk evaluation, in which 12 is the base grade of the credit quality and 1 default level of corporate customers, and 9 or 10 on the business segment consumer customers.

The 5P credit analysis and the module rating specifically apply to corporate customers. Micro credits and residential mortgages are assessed by using the credit rating model, and consumer loans are assessed individually for default risks.

ii. Due from and call loans to other banks

TCB and its subsidiary evaluate the credit status of counterparties before closing deals. TCB and its subsidiary grant different limits to the counterparties on the basis of their respective credit ratings as suggested by domestic and foreign credit rating agencies.

iii. Investments in debt instruments and derivatives

TCB and its subsidiary identify and manage credit risks from debt instruments through the use of external credit ratings of the debt instruments along with the evaluation of credit qualities of bonds, regional conditions and counterparty risks.

TCB and its subsidiary conduct derivative transactions with other banks and set the credit limits (including lending limits) at their credit rating and the ranking given by the Banker magazine. The credits extended to general customers are monitored in accordance with the related contract terms and conditions and the credit limits for derivatives established through normal credit granting processes.

b) Measurement of expected credit losses

i. The determination of significantly increased credit risk after initial recognition

In order to determine whether the credit risks has increased significantly after initial recognition, TCB and its subsidiary assessed changes in default risks of financial assets over the duration at the balance sheet date. To evaluate changes in default risks, Taiwan Cooperative Bank, Ltd. and its subsidiary considered reasonable and verifiable information (including forward-looking information). The major considerations include:

Loans business

i) Quantitative benchmark

Overdue loans: Loans and other credits (including accrued interest) are overdue for at least 30 days but less than 90 days.

ii) Qualitative benchmark

- Borrower or its representative suffered from dishonored check due to insufficient funds.
- Borrower or its representative suffered from credit card suspension.
- Owners of credit card have been denied by Taiwan Clearing House (TCH).
- Objective evidence shows that the borrower's ability to fulfill obligation has been affected.

Bonds and bills business

i) Quantitative benchmark

Credit rating of bond issuers are not classified as investment grade and downgraded by over two grades, or classified as CCC.

Credit risks are deemed low, if the credit rating of the issuer was classified as investment grade at the issue date and did not increase significantly after initial recognition.

ii) Qualitative benchmark

Credit rating of bond issuers are not classified as investment grade and downgraded by no more than two grades, but credit risk increase significantly.

ii. Definition of default and credit loss on financial assets

TCB and its subsidiary define financial asset default in the same manner as financial asset impairment. If one or more of the following conditions occur, TCB and its subsidiary can conclude that the financial asset has defaulted and the credit is impaired:

Loans business

- i) Loans and other credits (including accrued interest) are overdue for at least 90 days.
- ii) Borrower filed for bankruptcy or reorganization.
- iii) Borrower defaulted on other financial instruments.
- iv) The lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulties, has granted the borrower concession that the lender would not otherwise consider.
- v) Borrower has been denied by TCH.

Bonds and bills business

- i) Interest or principal of Bonds without payment are overdue for at least 90 days.
- ii) Borrower has indication of impairment such as overdue receivables, doubtful debts, financial crisis, contract condition change due to financial crisis and bankruptcy or reorganization.

The above definition of default is applicable to financial assets that are held by TCB and its subsidiary, and is in line with the definition of internal-management intention. Therefore, it is applied to related impairment evaluation models.

If the conditions that define default and credit loss of financial assets have been corrected and the financial assets have returned to the original state of compliance, the financial assets are no longer recognized as impaired.

iii. Reversal policy

When TCB and its subsidiary are unable to recover financial assets to expectations, they are entirely or partly written off against the allowance amount. Indicators of uncollectible financial assets are as follows:

- i) The debtor's inability to recover all or part of the debts due to dissolution, escape, settlement, bankruptcy or other reasons.
- ii) After collaterals assumed and assets of principal and subordinate debtors have been priced low or after deductions for first-order mortgage have been made, the remaining value of the assets is not enough to pay any obligation; also, if execution cost nears or exceeds the debtor's liability, no gain will be realized.
- iii) TCB is not responsible for the collaterals assumed and assets of principal and subordinate debtors experiencing low priced auctions with no bidders.
- iv) Overdue loans or collections were made after two years from the settlement date.

- v) Overdue credit card loans and overdue receivables were aged over nine months after the settlement date.

Financial assets that have been written off by TCB and its subsidiary may continue activities in progress, while complying with procedures according to relevant policies.

iv. Measurement of expected credit losses

Loans business

In order to assess the expected credit loss, TCB and its subsidiary will categorize credit assets according to credit risk and industry assessments of borrower, as well as credit risk of the types of collateral.

A loss allowance for the 12-month expected credit losses is required for a financial asset if its credit risk has not increased significantly since initial recognition. A loss allowance for full lifetime expected losses is required for a financial asset if its credit risk has increased significantly since initial recognition.

TCB and its subsidiary measures expected credit loss by calculating the product of loss given default and exposure at default, while taking into account the probability of default of a 12-month period and duration, as well as the effect of changes in currency values.

Probability of default refers to a possibility that a borrower would default to the contract (please refer to the introduction to “The definition of default and credit loss on financial assets”). Loss given default refers to the ratio of default loss caused by borrower. Probability of default and loss given default for loan business of TCB and its subsidiary are calculated by the adjustment of historical default rate, which is based on historical internal information (e.g. credit loss experience), current observable information and prospective macroeconomics statistics (e.g. monitoring indicator from National Development Association and unemployment rate from Directorate General of Budget, Accounting and Statistics, Executive Yuan).

TCB and its subsidiary estimate the exposure at default according to the aggregate book value. In addition, the estimations of expected credit loss for the 12-month loan period and duration of loan commitment made by the Bank and its subsidiaries are based on the credit conversion factor, using the portion of the loan commitment that is expected to be used within 12 months of reporting date and expected duration to calculate expected credit loss and determine the exposure at default.

There is no significant change in the estimation method and assumptions used to calculate expected credit loss as of June 30, 2024.

Bonds and bills business

A loss allowance for the 12-month expected credit losses is required for a financial asset if its credit risk has not increased significantly since initial recognition. A loss allowance for full lifetime expected losses is required for a financial asset if its credit risk has increased significantly since initial recognition.

TCB and its subsidiary measures expected credit loss by calculating the product of loss given default and exposure at default, while taking into account the probability of default of a 12-month period and duration, as well as the effect of changes in currency values.

There is no significant change in the estimation method and assumptions used to calculate expected credit loss as of June 30, 2024.

v. Forward-looking information considerations

Loans business

TCB and its subsidiary have taken into account previous forward-looking information when assessing asset default probability. The Bank and its subsidiaries analyze past archives to identify relevant economic factors affecting personal and company asset default probabilities.

According to TCB and its subsidiary's previous forward-looking information, estimations are calculated at the end of the year per year on average. The influence of relevant economic factors and expected credit loss identified by the Bank and its subsidiaries on December 31, 2023 and 2022 is as follows:

Relevant economic factors	Probability of Default
	Monitoring indicator/unemployment rate

In addition, in order to respond in a timely manner to the obvious changes in trend of the various overall economic indicators as a result of the impact of the COVID-19 pandemic, a new mid-term evaluation mechanism for forward-looking factors has been added to reflect the impact of changes in the economic indicators on the default rate.

Bonds and bills business

The assessment of the increase/decrease in the credit risk is based on TCB and its subsidiary's amortization costs and other comprehensive income measured by fair value, referring to changes in external credit ratings according to the international credit ratings service (Moody's) as a quantitative indicator. Also, the expected credit loss uses external credit ratings and Moody's periodic calculations of default probability and loss given default as references. As international credit ratings services have taken into account forward-looking information in assessing credit ratings, it is also appropriate for TCB and its subsidiary to consider forward-looking information when assessing relevant expected credit loss.

c) Credit risk avoidance or mitigation policy

i. Strengthen collaterals and other credits

TCB and its subsidiary have a series of measures for credit granting to reduce credit risks. One of the measures is to require collaterals from the borrowers. To secure a debt, TCB and its subsidiary manage and assess the collaterals following the procedures that determine the scope of collateralization and valuation of collaterals and the process of disposition. In credit contracts, TCB and its subsidiary stipulate the security mechanism for debts; the conditions and terms for collaterals; and the terms and conditions of offsetting to state clearly that TCB and its subsidiary reserve the right to reduce the granted quota, to shorten the repayment period, to demand immediate settlement or to offset the debts of the borrowers with their deposits in TCB and its subsidiary in order to reduce the credit risks.

There was no major change in the collateral policy of TCB and its subsidiary on the balance sheet date, and there was no significant change in the overall collateral quality.

TCB and its subsidiary closely monitor the value of collaterals of financial instruments and consider impairment on credit-impaired financial assets. Credit-impaired financial assets and collateral to mitigate potential loss were as follows:

June 30, 2024

	Gross Carrying Amount	Allowance for Possible Losses	Total Exposure Amount (Amortized Cost)	Fair Value of Collateral
<u>Impaired financial assets</u>				
Receivables	\$ 298,140	\$ 120,532	\$ 177,608	\$ -
Discount and loans	31,989,529	3,929,264	28,060,265	74,062,851

December 31, 2023

	Gross Carrying Amount	Allowance for Possible Losses	Total Exposure Amount (Amortized Cost)	Fair Value of Collateral
<u>Impaired financial assets</u>				
Receivables	\$ 274,481	\$ 116,334	\$ 158,147	\$ -
Discount and loans	31,819,851	4,160,724	27,659,127	67,435,934

June 30, 2023

	Gross Carrying Amount	Allowance for Possible Losses	Total Exposure Amount (Amortized Cost)	Fair Value of Collateral
<u>Impaired financial assets</u>				
Receivables	\$ 317,127	\$ 144,602	\$ 172,525	\$ -
Discount and loans	34,579,970	5,349,718	29,230,252	70,819,488

The total amount of financial assets that have been written off but have recourse action by TCB and its subsidiary on June 30, 2024, December 31, 2023 and June 30, 2023 were \$13,173,057 thousand, \$11,983,222 thousand and \$8,994,450 thousand, respectively.

ii. Credit limit and the control of concentration of credit risk

To avoid the concentration of credit risks, TCB and its subsidiary set up centralized credit limits for business segments, countries, collaterals, groups, and construction financing. Monthly, or more frequently, as needed, TCB and its subsidiary review credit limits, monitor the actual risk-exposure condition and whether the usage rate of limits meets relevant regulations and reports the review results to superior management, risk management committee and the Board periodically. If there is a possibility of breach of the credit limits, the related department or division will apply appropriate procedures to ensure that the credit limits are followed.

Concentration of credit risk exists when counterparties to financial transactions are individuals or groups engaged in similar activities or activities in the same region, which would cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions. The profile by group or industry, regions and collaterals of obligations that were 10% or more of total outstanding loans is as follows:

Credit Risk Profile by Group or Industry	June 30, 2024		December 31, 2023		June 30, 2023	
	Amount	%	Amount	%	Amount	%
Natural person	\$ 1,059,568,285	36	\$ 1,020,504,283	36	\$ 987,972,551	37
Manufacturing	536,971,475	18	505,293,926	18	480,936,680	18
Government agencies	341,079,993	12	327,347,260	12	298,829,330	11

iii. Master netting arrangement

TCB and its subsidiary settle most of its transactions at gross amounts. For further reduction of credit risks, settlement netting is used for some counterparties or in some circumstances where the transactions are terminated because of a counterparty's default.

d) Maximum exposures to credit risks

The maximum exposures to credit risks of assets on the consolidated balance sheets without consideration of guarantees or other credit enforcement instruments approximate the assets' carrying amounts.

The maximum exposures of financial instrument to credit risks which was not applicable to impairment is as follow:

	June 30, 2024	December 31, 2023	June 30, 2023
Financial assets at fair value through profit or loss - debt instrument	\$ 591,887	\$ 792,255	\$ 1,039,455

The maximum exposures of off-balance sheet items to credit risks without consideration of guarantees or other credit enforcement instrument are stated as follows:

June 30, 2024					
	12-month ECL	Lifetime ECL	Lifetime ECL (Credit-impaired Financial Instruments)	Difference of Impairment Loss under “Regulations Governing the Procedures for Banking Institutions to Evaluate Assets and Deal with Non-performing/ Non-accrual Loans”	Total
Maximum exposures to credit risk	\$ 361,588,471	\$ 121,870	\$ 49,156	\$ -	\$ 361,759,497
Allowance for possible losses	(821,724)	(771)	(6,655)	-	(829,150)
Difference of impairment loss under “Regulations Governing the Procedures for Banking Institutions to Evaluate Assets and Deal with Non-performing/ Non-accrual Loans”	-	-	-	(536,978)	(536,978)
	<u>\$ 360,766,747</u>	<u>\$ 121,099</u>	<u>\$ 42,501</u>	<u>\$ (536,978)</u>	<u>\$ 360,393,369</u>
December 31, 2023					
	12-month ECL	Lifetime ECL	Lifetime ECL (Credit-impaired Financial Instruments)	Difference of Impairment Loss under “Regulations Governing the Procedures for Banking Institutions to Evaluate Assets and Deal with Non-performing/ Non-accrual Loans”	Total
Maximum exposures to credit risk	\$ 334,512,929	\$ 54,080	\$ 157,879	\$ -	\$ 334,724,888
Allowance for possible losses	(859,719)	(105)	(10,148)	-	(869,972)
Difference of impairment loss under “Regulations Governing the Procedures for Banking Institutions to Evaluate Assets and Deal with Non-performing/ Non-accrual Loans”	-	-	-	(506,676)	(506,676)
	<u>\$ 333,653,210</u>	<u>\$ 53,975</u>	<u>\$ 147,731</u>	<u>\$ (506,676)</u>	<u>\$ 333,348,240</u>

June 30, 2023					
	12-month ECL	Lifetime ECL	Lifetime ECL (Credit-impaired Financial Instruments)	Difference of Impairment Loss under “Regulations Governing the Procedures for Banking Institutions to Evaluate Assets and Deal with Non-performing/ Non-accrual Loans”	Total
Maximum exposures to credit risk	\$ 322,348,621	\$ 2,189	\$ 169,946	\$ -	\$ 322,520,756
Allowance for possible losses	(816,751)	(1)	(10,957)	-	(827,709)
Difference of impairment loss under “Regulations Governing the Procedures for Banking Institutions to Evaluate Assets and Deal with Non-performing/ Non-accrual Loans”	-	-	-	(518,713)	(518,713)
	<u>\$ 321,531,870</u>	<u>\$ 2,188</u>	<u>\$ 158,989</u>	<u>\$ (518,713)</u>	<u>\$ 321,174,334</u>

TCB and its subsidiary’s management believes its ability to minimize credit risk exposures on off-balance sheet items is mainly due to its rigorous evaluation of credit extended and the periodic reviews of these credits.

Some financial assets held by TCB and its subsidiary, such as cash and cash equivalents, due from the Central Bank and call loans to other banks, call loans to security firms, financial assets at fair value through profit or loss, securities purchased under resell agreements and refundable deposits, are exposed to low credit risks because the counterparties have high credit ratings.

In addition to the above assets, credit quality analysis of other financial assets are as follows:

a) Credit quality analysis of discounts and loans

June 30, 2024					
	Stage 1 12-month ECL	Stage 2 Lifetime ECL	Stage 3 Lifetime ECL	Difference of Impairment Loss under “Regulations Governing the Procedures for Banking Institutions to Evaluate Assets and Deal with Non-performing/ Non-accrual Loans”	Total

Balance on June 30, 2023	<u>\$ 27,731</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 27,731</u>

3) Market risks

Market risk refers to the risk of losses in positions arising from adverse movements of market prices. It refers to interest rates, exchange rates, equity security prices, commodity prices, etc.

The main market risks that TCB and its subsidiary face are equity security, interest rates, and exchange rate risks. The market risk position of equity security mainly includes domestic listed and OTC stocks, domestic stock index options and stock market index futures; the position of interest rate mainly includes short-term bills, bonds and interest rate derivative instruments; and the instruments exposed to exchange rate risk mainly include spot contracts and forward contracts and derivatives denominated in foreign currency.

Under the market risk management policies approved by the board of directors, the new Basel Capital Accord and regulations implemented by relevant authorities and in consideration of the Bank's own market risk management system and its overall risk management goals and product features, TCB and its subsidiary have set all types of investment authorization limits and stop-loss rules, regularly reviews the customers' credit status and compiles management information reports to control all types of market risks effectively.

TCB and its subsidiary's market risk management procedures include risk identification, evaluation, and measurement as well as risk monitoring, and reporting. Every units' risk management personnel analyze data on market risk position and evaluate measurement methods, including the statistical basic measurement method, sensitivity analysis, and situational analysis. Monitoring content includes trading processes, collective and individual, of all transaction units and all financial instruments, such as change of position, change of profit and loss, trading pattern, and if trading objects are transacted within the authorized scope and limits.

TCB and its subsidiary's business units and risk management unit have established market risk factors for identifying risk exposure positions and use these factors to measure market risks. The market risk factors refer to the components of financial instruments' position, such as profit and loss and sensitivity to risk, which might be affected by interest rates, exchange rates and equity security market prices.

TCB and its subsidiary's risk management unit reports to management periodically the execution status of measures on market risk management, investment positions, and profit and loss control so that management can fully understand the status of market risk management. TCB and its subsidiary's also have cleared reporting procedures and rules for all types of transaction limits and the stop-loss order. If any transaction amount reaches the limit, the stop-loss order is executed immediately; if the stop-loss order is not executed, the transaction unit is required to explain the reasons for non-execution and prepare a response plan for management's approval.

TCB applies market risk sensitivity as a risk control instrument. Market risk sensitivity position refers to the change in the value of a position due to a change in a certain market risk factor. Market risk factors include interest rates, exchange rates, and equity security prices. TCB's position sensitivity exposure trading book contains all types of positions exposed to market risk and the range of change to which sensitivity analysis applied under various pressure scenarios for all types of risk factors.

Assuming all other factors are held constant, the effects of risks within defined change scenarios are shown below:

Main Risk	Change Scenario	June 30, 2024	December 31, 2023	June 30, 2023
Interest rate risk	Interest rate curve increased 100 basis points	\$ (278,869)	\$ (304,819)	\$ (210,376)
	Interest rate curve fell 100 basis points	282,745	309,717	214,133
Exchange rate risk	USD/NT\$, EUR/NT\$ increased 3%	(379,186)	(451,387)	(378,506)
	USD/NT\$, EUR/NT\$ fell 3%	379,186	451,387	378,506
	Others (RMB, AUD etc.)/ NT\$ increased 5%	52,139	65,393	80,023
	Others (RMB, AUD etc.)/ NT\$ fell 5%	(52,139)	(65,393)	(80,023)
Equity security price risk	Equity security price increased by 15%	844,686	47,221	67,138
	Equity security price fell by 15%	(844,686)	(47,221)	(67,138)

The exchange rate risk of TCB and its subsidiary is as follows:

4) Liquidity risk

Liquidity risk is inherent in all bank operations and might be affected by specific or general industry and environmental events. These events include credit-related events, mergers or acquisitions, systemic changes and natural disasters. TCB and its subsidiary define liquidity risk as the inability to realize assets or to obtain financing for meeting obligations when they fall due, resulting in loss.

The liquidity risk management strategy is based on the overall risk management objectives and involves liquidity risk, identification, measurement, monitoring and control to maintain TCB's appropriate liquidity and ensure adequate funding for meeting liability obligations or for capital growth.

The liquidity risk management procedures involve identification, measurement, monitoring and report of risk. Each business unit should identify the existing liquidity risk in business activities and financing products.

For adequate liquidity for all types of deposits, TCB follows the relevant regulations issued by the Central Bank to estimate the liquidity reserves and calculates and controls daily the liquidity reserve ratios.

For TCB's operating liquidity, the fund disbursement unit performs daily cash flow management and monitoring of the payments schedule on the basis of detailed reports by different departments and relevant rules.

The risk management department regularly generates risk reports, which include the liquidity reserve ratios and the maturity analysis of instruments and transactions denominated in major foreign currencies, and submits them to the Asset and Liability Management Committee and the Board as reference for decision making.

TCB stipulates liquidity risk limits, which are regularly monitored and reviewed by the risk management department. If a liquidity risk limit is exceeded or other exception situations occur, the business supervising unit immediately develops appropriate contingency measures and submits them to the Asset and Liability Management Committee for approval and implementation.

TCB contingency measures for business emergency or sudden liquidity crisis are aimed at quick crisis resolution and resumption of normal operations.

TCB's liquidity reserve ratios were 28.17% in June 2024, 28.71% in December 2023 and 30.61% in June 2023.

TCB and its subsidiary disclosed the analysis of cash outflows on non-derivative financial liabilities by their residual maturities as of the balance sheet dates. The amounts of cash outflows are based on contractual cash flows, so some amounts may not correspond to those shown in the consolidated balance sheets.

June 30, 2024	0-30 Days	31-90 Days	91-180 Days	181 Days - 1 Year	Over 1 Year	Total

Lease liabilities	70,376	178,814	151,629	270,937	1,392,255	2,064,011
Other items of cash outflow on maturity	1,311,749	56	67	1,024,716	2,370,103	4,706,691

In the above table, the maturity analysis of deposits and remittances by residual-maturity period was based on TCB and its subsidiary's historical experience. Assuming that all demand deposits as of June 30, 2024, December 31, 2023 and June 30, 2023 must be repaid soon, the capital expenditure will be increased by \$2,049,042,331 thousand, \$2,055,012,823 thousand and \$1,981,869,889 thousand, respectively, within 30 days these balance sheet dates.

TCB and its subsidiary assess the maturity dates of contracts to understand the basic elements of all derivative financial instruments shown in the balance sheets. The amounts used in the maturity analyses of derivative financial liabilities are based on contractual cash flows, so some of these amounts may not correspond to the amounts shown in the consolidated balance sheets. The maturity analysis of derivative financial liabilities is as follows:

a) Derivative financial liabilities to be settled at net amounts

TCB and its subsidiary conducted maturity analysis of off-balance sheet items based on the residual maturities as of the balance sheet dates. For the financial guarantee contracts issued, the maximum amounts of the guarantees are included in the earliest periods that the guarantee obligation might have been required to be fulfilled. The amounts used in the maturity analysis of off-balance sheet items are based on contractual cash flows, so some of these amounts may not correspond to those shown in the balance sheets.

5) Climate risk

In order to respond to global climate change and strengthen climate risk management, and to ensure the stable operation and sustainable development of TCB, in accordance with the Financial Supervisory Commission's "Guidelines for Financial Disclosure of Climate Risks by Banks in Taiwan" and TCB's "Climate Risk Management Guidelines", climate risk issues are incorporated into business operation considerations. In addition to the "High Pollution and Carbon-Ranking Industries" quota and the regular monitoring report, TCB is required to carry out industry-specific verification mechanisms prior to investment and financing operations. In addition to the "High Pollution and High Carbon Emission Industries" limit and regular monitoring and reporting, HBCL is required to conduct industry-specific checking mechanisms, and if it is a high-pollution and high-carbon emission industry, it should state the countermeasures as reference information for audits, and regularly disclose the implementation of climate risk management every year in order to enhance the quality and transparency of the information disclosure.

BNP Paribas Cardif TCB Life Insurance Co., Ltd. (BPCTLI)

Financial risk arises when future cash flows generated from financial assets are insufficient to pay insurance and investment contracts. BPCTLI has already set up a risk management mechanism and control system that can effectively identify, measure, respond to, and monitor the level of risk BPCTLI is exposed to, including market risk, credit risk, liquidity risk, etc.

The strategies adopted by management to supervise and control different financial risks as well as consider competition and changes in the economic environment were as follows:

1) Market risk

a) Market risk source and market risk factors

Market risk results from the fluctuation in the fair values of financial instruments or future cash. The risk factors causing market price changes include interest rates, exchange rates, stock prices and commodity prices, which may cause a gain or loss on net revenues and affect BPCTLI's investment portfolio.

b) Market risk strategy and procedures

BPCTLI has established management policies and market risk limits to monitor the market risk and tolerable losses.

BPCTLI monitors the limit management of financial instruments and the implementation of sensitivity analysis, stress testing and risk calculation. For management's decision making, the risk management department periodically reports to the board of directors and the Risk Management Committee.

In line with hedging against interest rate risk, the investment selection includes an assessment of the financial instrument issuers' credit and financial condition, the investing countries' risk condition and interest rate movements. If a foreign currency risk pertains to overseas investments, BPCTLI uses foreign exchange swaps and cross currency swaps for each overseas investment and periodically measures the efficiency of these swaps. BPCTLI has investment limits and stop-loss order to control equity risk.

c) Market risk management framework

To quantify the possible loss resulting from the price fluctuations of BPCTLI assets, BPCTLI control market risk through calculating value-at-risk (VaR) regularly, combining with back testing, sensitivity analysis method and stress testing.

d) Market risk information

i. VaR (value at risk)

VaR measures "the worst expected loss over a target horizon with a given level of confidence and normal market environment." BPCTLI's worst expected losses for two weeks with a 99% confidence level were \$555,463 thousand, \$484,711 thousand and \$497,336 thousand as of June 30, 2024, December 31, 2023 and June 30, 2023, respectively.

ii. Sensitivity analysis

i) Interest rate risk

Interest rate risk refers to the impact of interest rate changes on an investment portfolio value or investment gain or loss. The investment instruments exposed to interest rate risk are mainly bonds and derivative financial assets.

Assuming all other indicators had been held constant and had the interest rate increased by 0.01% as of June 30, 2024, December 31, 2023 and June 30, 2023 the fair values of financial assets would have decreased by \$20,158 thousand, \$20,194 thousand and \$20,172 thousand, respectively.

ii) Equity risk

The equity risk includes the individual risk from the movement of individual investments and the market risk from the movement of the market as a whole.

Assuming all other indicators had been held constant and based on the asset condition of BPCTLI on June 30, 2024, December 31, 2023 and June 30, 2023, had the TAIEX fallen 1%, the fair value of the equity assets would have decreased by \$14,646 thousand, \$15,686 thousand and \$14,327 thousand, respectively.

iii) Foreign currency risk

Foreign currency risk arises when a financial asset or liability is denominated in a currency different from the BPCTLI's base currency. This risk mainly refers to nonmonetary financial assets and liabilities.

BPCTLI's overseas financial instruments were primarily exposed to the U.S. dollar. Assuming all other factors had been held constant, no hedging had been involved, and had the U.S. dollar decreased 1% for the six months ended June 30, 2024, for the year ended December 31, 2023 and for the six months ended June 30, 2023, the income before income tax would have decreased \$154,687 thousand, \$151,469 thousand and \$144,305 thousand, respectively.

The table below shows the carrying value of financial assets and liabilities denominated in foreign currency as of June 30, 2024, December 31, 2023 and June 30, 2023.

June 30, 2024

USD	4,190	31.130	130,435

iii. Stress testing

If an extreme event or systematic risk occurs, stress testing is done to measure the potential impact of a negative development on trading book portfolio during an abnormal market period.

BPCTLI does stress testing by analyzing market risk stress testing and different stress testing scenarios from Bloomberg.

Assuming the U.S. 10-year Treasury yield increased 1% as of June 30, 2024, December 31, 2023 and June 30, 2023, the losses on financial assets of the BPCTLI would have been \$869,539 thousand, \$852,347 thousand and \$725,885 thousand, respectively.

2) Credit risk

a) Credit risk definition and classifications

Credit risk refers to the risks that debtors' credit is downgraded or the counterparty cannot make payments or refuses to perform contractual obligations. The credit exposure primarily refers to investments in debt and derivative instruments.

b) Credit risk strategy and procedures

BPCTLI controls credit risk as follows:

i. Investment credit limit and the control of concentration of credit risk

The investment department complies with insurance laws and applicable regulations, follows company credit limits and investment management policies for every type of investment product, and reviews the appropriateness of investment transactions to lower the concentration of risks. After the completion of each transaction, the risk management department regularly monitors the credit risk and reports the exposure to various credit limits in each committee meeting.

ii. Stress testing

Using the scenario from the Insurance Bureau, BPCTLI periodically tests the impact on financial asset income and loss of the concentration of credit risk and credit default ratio.

iii. Credit risk reduction policy

If a bond is downgraded below the authorized minimum rating, the investment department will assess the impact caused and decide whether or not to dispose of the assets. When a decision is reached not to dispose of the assets, the investment department should provide the investment withdrawal committee a sufficient reason for its decision. If approval by the investment withdrawal committee is not given within two months of the proposed asset disposal, the assets are disposed of immediately by the investment department.

Some financial assets such as cash and cash equivalents, financial assets at fair value through profit or loss and refundable deposits are regarded as having very low credit risk because of the good credit ratings of counterparties. The credit analysis of other financial assets is as follows:

iv. Credit analysis for bonds

	June 30, 2024		
	Carrying Amount	Fair Value	%
Domestic investment - government bonds (Note 1)	\$ 11,430,069	\$ 11,387,720	35

Overseas investment - corporate bonds and bank debentures (Baa1 - Ba1)	<u>1,212,100</u>	<u>1,212,100</u>	<u>4</u>
	<u>\$ 32,440,874</u>	<u>\$ 32,398,602</u>	<u>100</u>

Note 1: The above domestic government bonds include other assets - operating deposits.

Note 2: The sources of credit ratings are Taiwan Ratings Corp. or Moody's Investors Service, Inc.

3) Liquidity risk

a) Source and definition of liquidity risk

Liquidity risk means BPCTLI cannot provide sufficient funding for asset size growth and for meeting obligations on matured liabilities.

b) Liquidity risk management strategy and principles

BPCTLI does annual and monthly cash flow analysis based on its budgets, makes daily cash estimates, and reviews the flow of funds to ensure the accuracy and timeliness of liquidity risk management. BPCTLI's liquidity risk is reviewed by the Asset Liability Committee quarterly and by the Investment Committee, monthly.

c) Maturity analysis

- i. For the liquidity risk management of financial assets' and non-derivative financial liabilities' maturity analysis

To ensure that it has sufficient cash on hand for liability payments and asset purchases (BPCTLI has no bank loans and financial guarantees, and all the non-derivative liabilities will expire in less than one year), BPCTLI can use unrestricted cash, consisting of financial institution deposits, certificate deposits (including conditional bonds), quasi-foreign currency mutual funds, etc.

- ii. Maturity analysis of derivatives

The following table shows BPCTLI's liquidity analysis of its derivative financial instruments. The table was based on the undiscounted contractual net cash inflows and outflows on derivative instruments that settle on a net basis. When the amount payable or receivable is not fixed, the amount disclosed has been determined by reference to the projected interest rates as illustrated by yield curves at the end of the reporting period.

f. Insurance contracts

To pursue a sustainable development, to protect the interests of the policyholders and to ensure that capital is adequate for fulfilling its repayment obligations, BPCTLI has formed risk management policies, set up a risk management committee under the board of directors and a risk management department, which is independent from its operation departments, in accordance with the Risk Management Practice Manual for Insurance Industry issued by the Taiwan Financial Supervisory Commission.

The risk management program and procedure are summarized as follows:

1) Insurance risk management and measurement

Insurance risk refers to the possibility of BPCTLI's not having sufficient assets to meet future obligations on an insured event. The risk on an insurance contract is random and is thus unpredictable.

BPCTLI's risk exposures involve mortality, morbidity, withdrawal rates, interest rates and fee rates, as well as the uncertainty of the returns on insurance premium investments. Based on the nature of an insurance contract, the occurrence of a covered event, the uncertainty of the amount and the timing are the inherent risks. For life, injury or health insurance, underwriting risks include mortality, accident or morbidity. The significant insurance liability risks are the frequency and severity of the accident covered by the insurance and the actual liability payment exceeding the expected liability payment. BPCTLI is also exposed to loss from natural and man-made disasters, and the frequency and severity of and loss on these disasters are unpredictable. The risks on annuity insurance contracts pertain to the constantly improving health care in society, which helps extend people's life span.

The exposure to insurance risk is influenced by the policyholders' behavior, such as reducing insurance coverage in the future, stopping paying insurance premium or terminating the insurance contract.

BPCTLI spreads out its insurance risk by developing appropriate policy pricing and underwriting strategies and acquiring a sufficient number of policyholders in each risk range so that the variances in the average amounts of claim payments decrease as the number of claims increases. For added safety, BPCTLI manages its insurance risks through issuing a large number of mixed policies and obtaining reinsurance against natural disasters with reinsurance companies to avoid large claims.

2) Concentration of insurance risk and the development of claims

BPCTLI sells its products all over Taiwan and has no concentration of credit risk in a particular geographic region, clientele, age, or profession. To prevent the accumulated risk from going beyond what BPCTLI can tolerate, BPCTLI has evaluated the insurance risk associated with each product and obtained reinsurance against natural disasters with reinsurance companies to avoid the risk of large claims.

The following table shows the development of claims (the cases within one year are not included), and it explains how BPCTLI evaluates claims through development ages. The circumstance and development of reserve claims may change in the future. Thus, actual future claims cannot be determined just by using the following tables.

a) Development of direct business loss

Accident Year	Development Ages															Claim Reserve
	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15

3) Sensitivity analysis of insurance risk

Based on relevant insurance laws and regulations, when calculating the liability reserve, assumptions used at the time of purchase are locked in, but such assumptions may change as time passes. According to IFRS 4 “Insurance Contracts,” a liability adequacy test is needed to determine whether BPCTLI has sufficient insurance liability. BPCTLI performed a sensitivity analysis with changes in the assumptions on death rate, illness rate, withdrawal rate and discount rate. The results are as follows:

Insurance contracts and investment contracts with a discretionary participation feature.

	June 30, 2024		
	Changes in the Assumptions	Impact on Income Before Income Tax	Impact on Equity
Discount rate	0.25%	\$ 35,921	\$ 28,737
Discount rate	(0.25%)	(36,001)	(28,801)
Mortality rate	10.00%	(19,372)	(15,498)
Mortality rate	(10.00%)	19,369	15,496
Withdrawal rate	30.00%	8,656	6,925
Withdrawal rate	(30.00%)	(8,637)	(6,910)
Illness rate/loss rate	15.00%	(13,520)	(10,816)
Expense rate	10.00%	(39,123)	(31,298)
	December 31, 2023		
	Changes in the Assumptions	Impact on Income Before Income Tax	Impact on Equity
Discount rate	0.25%	\$ 66,114	\$ 52,891
Discount rate	(0.25%)	(66,261)	(53,009)
Mortality rate	10.00%	(36,599)	(29,279)
Mortality rate	(10.00%)	36,599	29,279
Withdrawal rate	30.00%	14,621	11,697
Withdrawal rate	(30.00%)	(14,801)	(11,841)
Illness rate/loss rate	15.00%	(26,271)	(21,017)
Expense rate	10.00%	(85,301)	(68,241)
	June 30, 2023		
	Changes in the Assumptions	Impact on Income Before Income Tax	Impact on Equity
Discount rate	0.25%	\$ 32,674	\$ 26,139
Discount rate	(0.25%)	(32,747)	(26,197)
Mortality rate	10.00%	(16,947)	(13,558)
Mortality rate	(10.00%)	16,945	13,556
Withdrawal rate	30.00%	9,026	7,221
Withdrawal rate	(30.00%)	(8,962)	(7,169)
Illness rate/loss rate	15.00%	(12,878)	(10,303)
Expense rate	10.00%	(38,920)	(31,136)

Note 1: After-tax balances were used to calculate the equity.

Note 2: The result is non-linear and is limited to changes in the assumptions presented above.

Note 3: Changes in the assumptions presented above are scenarios and the range of change may be interrelated.

Note 4: The sensitivity analysis does not consider market changes that have an impact on the operation (e.g., buy/sell asset positions, changes in the allocation of assets, adjustments in the declared interest rate of the policy, etc.).

4) Credit risk, liquidity risk, and market risk

a) Market risk

Under the Regulations Governing the Reserves by Insurance Enterprises and relevant laws and regulations, BPCTLI calculates reserves at the assumed interest rate and risk occurrence rate set by the supervisory authorities. The expected rates are tied to the policy before sale. These rates are not affected by market rate changes since the long-term trend rate set by the authorities has taken into consideration the assumed interest and the related timing, amount and direction.

Based on IFRS 4, if the liability adequacy test is insufficient, BPCTLI should accrue the shortage as reserve for liability adequacy. The reserve for liability adequacy is not affected by market rate changes.

BPCTLI believes that the supervisory authorities would not soon change the calculation of life policy reserve from the fixed interest rate to float interest rate and that market risks would not significantly affect profit and loss.

b) Credit risk

BPCTLI has ceded reinsurance and assessed the credit of a reinsurance company to ensure the assets and claims recovered from reinsurances are not impaired. The biggest credit risk amount is equal to the book value of the reinsurance assets.

c) Liquidity risk

BPCTLI predicts the future cash flows of assets and liabilities through an asset-liability matching model to ensure there are enough cash flows to cover a predicted liability obligation. The measure is used as a long-term control mechanism for liquidity risk.

Under related laws and regulations, the individual face values of BPCTLI's insurance policies are all greater than their surrender value. Thus, the liquidity risks on agreement cancellations would not be significant. In addition, under the materiality principle, if a policyholder cancels its coverage, BPCTLI will not disclose the cash flow maturity analysis in its financial statements if the coverage amount is not significant.

g. Transfers of financial assets

Under the Company operations, most of derecognized financial assets are securities sold under repurchase agreements, and the contractual cash flows have been transferred to others. The Company has the responsibility to repurchase transferred financial assets at fixed prices, and cannot use, sell and pledge transferred financial assets. However, the Company is still in the risk exposure of interest rate and credit, so the transferred financial assets cannot be removed entirely. The information on derecognized financial assets and liabilities is as follows:

June 30, 2024					
Financial Assets	Carrying Amount of Transferred Financial Assets	Carrying Amount of Related Financial Liabilities	Fair Value of Transferred Financial Assets	Fair Value of Related Financial Liabilities	Net Position of Fair Value
Financial assets at FVTPL - securities sold under repurchase agreements	\$ 34,062,840	\$ 34,020,597	\$ 34,062,840	\$ 34,020,597	\$ 42,243

h. Offsetting financial assets and financial liabilities

The Company is eligible to present in the balance sheet on a net basis certain derivative assets and derivative liabilities pertaining to transactions with counterparties under enforceable master netting arrangements or similar agreements and there is an intention either to make settlements on a net basis or to realize the asset and settle the liability simultaneously. A master netting agreement provides for a single net settlement of all financial instruments covered by the agreement if the counterparty defaults on any contract. Parties may also settle transactions at gross amounts if a single settlement results in cash flows being equivalent to a single net amount.

The tables below present the quantitative information on financial assets and financial liabilities that have been offset in the balance sheet or that are covered by enforceable master netting arrangements or similar agreements.

June 30, 2024

Financial Assets	Gross Amounts of Recognized Financial Assets	Gross Amounts of Recognized Financial Liabilities Offset in the Balance Sheet	Net Amounts of Financial Assets Presented in the Balance Sheet	Related Amounts Not Offset in the Balance Sheet		Net Amount
				Financial Instruments	Cash Collateral Received	
Resell agreements	\$ 1,794,256	\$ -	\$ 1,794,256	\$ (1,794,256)	\$ -	\$ -

Repurchase agreements	\$ 67,343,941	\$ -	\$ 67,343,941	\$ (66,295,000)	\$ -	\$ 1,048,941

45. CAPITAL MANAGEMENT

To monitor capital adequacy, the risk management department regularly reports capital adequacy ratios every month and also quarterly reviews the execution status of and actual operation data variation on the Company's capital adequacy evaluation plan. When the actual capital adequacy ratio might go lower than the target, the Company immediately reviews the causes, prepares a report and proposes a response strategy to maintain the appropriate capital adequacy levels.

Under the Financial Holding Company Act and related regulations, TCFHC should maintain a consolidated capital adequacy ratio (CAR) of at least 100%. If the ratio falls below 100%, the appropriation of earnings as cash dividends or other assets will be restricted and the authorities may discipline TCFHC, depending on the situation.

The Banking Law and related regulations require that the Bank maintain the minimum requirement for unconsolidated and consolidated capital adequacy ratios (CAR), including the common equity Tier 1 ratio, Tier 1 capital ratio, and total capital adequacy ratio.

The Act Governing Bills Finance Business and related regulations require that the bills finance business maintain CARs at a minimum of 8%. The CARs of TCBF were 13.63%, 13.89% and 13.45% as of June 30, 2024, December 31, 2023 and June 30, 2023, respectively.

Under the rules governing securities firms and related regulations, the CAR of a securities firm should be at least 150% to ensure its stability as well as maintain the health of the security markets. If the ratio is below 150%, the authority may impose certain restrictions on a firm's operations. The CAR of TCS was 331%, 364% and 323% as of June 30, 2024, December 31, 2023 and June 30, 2023, respectively.

The Law of Insurance and related regulations require that the insurance business maintain CARs at a minimum of 200%. The CARs of BPCTLI were 1,373.48%, 1,575.93% and 1,563.19% as of June 30, 2024, December 31, 2023 and June 30, 2023, respectively.

Please refer to related information in Table 2 (attached).

9	Group L Financial leasing	767,900	11.51
10	Group I Real estate development	740,000	11.09

Note 1: The list shows rankings by total amount of credit, endorsement or other transactions but excludes government-owned or state-run enterprises. If the borrower is a member of a group enterprise, the total amount of credit, endorsement or other transactions of the entire group enterprise must be listed and disclosed by code and line of industry. The industry of the group enterprise should be presented as the industry of the member firm with the highest risk exposure. The lines of industry should be described in accordance with the Standard Industrial Classification System of the Republic of China published by the Directorate-General of Budget, Accounting and Statistics under the Executive Yuan.

Note 2: Group enterprise refers to a group of corporate entities as defined by Article 6 of "Supplementary Provisions to the Taiwan Stock Exchange Corporation Rules for Review of Securities Listings."

Note 3: Total amount of credit, endorsement or other transactions is the sum of various loans (including import and export negotiations, discounts, overdrafts, unsecured and secured short-term loans, margin loans receivable, unsecured and secured medium-term loans, unsecured and secured long-term loans and overdue loans), exchange bills negotiated, accounts receivable factored without recourse, acceptances and guarantees.

Note 4: Ratio of interest rate-sensitive assets to liabilities = Interest rate-sensitive assets/Interest rate-sensitive liabilities (in U.S. dollars).

d. Profitability

1) Taiwan Cooperative Financial Holding Co., Ltd. and its subsidiaries

(%)

Items		June 30, 2024	June 30, 2023
Return on total assets	Before income tax	0.57	0.53
	After income tax	0.43	0.43
Return on equity	Before income tax	11.24	10.70
	After income tax	8.38	8.68
Net income ratio		32.41	32.42

2) Taiwan Cooperative Financial Holding Co., Ltd.

(%)

Items		June 30, 2024	June 30, 2023
Return on total assets	Before income tax	7.37	7.12
	After income tax	6.90	7.15
Return on equity	Before income tax	8.90	8.58
	After income tax	8.34	8.62
Net income ratio		92.55	99.07

3) Taiwan Cooperative Bank, Ltd.

(%)

Items		June 30, 2024	June 30, 2023
Return on total assets	Before income tax	0.55	0.51
	After income tax	0.44	0.42
Return on equity	Before income tax	9.58	9.17
	After income tax	7.64	7.43
Net income ratio		36.01	34.47

4) Taiwan Cooperative Bills Finance Corporation Ltd.

(%)

Items		June 30, 2024	June 30, 2023
Return on total assets	Before income tax	0.40	0.17
	After income tax	0.34	0.13
Return on equity	Before income tax	3.73	1.55
	After income tax	3.12	1.23
Net income ratio		53.97	18.77

5) Taiwan Cooperative Securities Co., Ltd.

(%)

Items		June 30, 2024	June 30, 2023
Return on total assets	Before income tax	1.51	0.99
	After income tax	1.24	0.84
Return on equity	Before income tax	9.09	5.50
	After income tax	7.44	4.65
Net income ratio		26.17	21.78

6) BNP Paribas Cardif TCB Life Insurance Co., Ltd.

(%)

Items		June 30, 2024	June 30, 2023
Return on total assets	Before income tax	1.12	1.17
	After income tax	0.92	1.02
Return on equity	Before income tax	12.93	14.18
	After income tax	10.59	12.26
Net income ratio		53.09	57.06

Note 1: Return on total assets = Income before (after) income tax/Average total assets.

Note 2: Return on equity = Income before (after) income tax/Average equity.

Note 3: Net income ratio = Income after income tax/Total net revenues.

Note 4: Income before (after) income tax represents income for each period-end date.

Note 5: The above profitability ratios are calculated on the basis of annualized figures.

b. Nature of trust business operations under the Trust Law: Note 1.

48. ALLOCATION OF REVENUE, COST AND EXPENSE THAT RESULTED FROM THE SHARING OF RESOURCES BETWEEN TAIWAN COOPERATIVE FINANCIAL HOLDING COMPANY, LTD. AND SUBSIDIARIES

Under cooperation arrangements, Taiwan Cooperative Bank, Ltd. (TCB) and Taiwan Cooperative Securities (TCS) promoted securities brokerage business together; thus, related revenues received by TCB were calculated as follows: (a) revenue based on 20% of the net revenue derived from security transactions for three years; (b) related revenues from utilizing some operating sites and equipment by the TCS; and (c) receiving cross-selling service fees of \$2,000 thousand annually.

To promote the credit card business and corporate banking business together, TCB and TCS signed cooperation arrangements, and marketing expenses paid by TCB were based on the arrangements.

As of June 30, 2024, December 31, 2023 and June 30, 2023, TCB's accrued receivables were \$8,140 thousand, \$5,494 thousand and \$8,038 thousand, respectively. TCB's revenues from cross-selling transactions were \$13,367 thousand and \$11,709 thousand for the six months ended June 30, 2024 and 2023, respectively.

To promote the insurance business together, TCB and TCS signed cooperation arrangements, and marketing expenses paid by TCB were based on the arrangements.

As of June 30, 2024, December 31, 2023 and June 30, 2023, TCB's accrued payables were \$5 thousand, \$5 thousand and \$8 thousand (part of payables), respectively. TCB's expenses from cross-selling transactions were \$35 thousand and \$37 thousand (part of service revenue-net) for the six months ended June 30, 2024 and 2023, respectively.

To promote the insurance business together, TCB and BNP Paribas Cardif TCB Life Insurance Co., Ltd. signed cooperation arrangements. The service fees earned by TCB were based on the agreed percentage of the premiums from the insurance companies' products sold by TCB.

As of June 30, 2024, December 31, 2023, TCB's accrued receivables were \$1,620 thousand, \$3,844 thousand and \$3,239 thousand (part of receivables). TCB's revenues from cross-selling transactions were \$12,387 thousand and \$13,994 thousand (part of service revenue-net) for the six months ended June 30, 2024 and 2023, respectively.

To promote the venture capital business together, TCB and Taiwan Cooperative Venture Capital Co., Ltd. signed cooperation arrangements. The service fees earned by TCB were based on the agreed from the contract by TCB.

TCB's revenues from cross-selling transactions were \$20 thousand for the six months ended June 30, 2024.

53. ADDITIONAL DISCLOSURES

a. Related information of significant transactions and b. investees:

- 1) Financing provided: TCFHC - none; TCB, UTB, TCBF, and BPCTLI - not applicable; investee company: Table 7 (attached).
- 2) Endorsements/guarantees provided: TCFHC - none; TCB, UTB, TCBF, and BPCTLI - not applicable; investee company: None.
- 3) Marketable securities held: TCFHC, TCB, UTB, TCBF, TCS and BPCTLI - not applicable; investee company: Table 8 (attached).
- 4) Marketable securities acquired or disposed of at costs or prices of at least NT\$300 million or 10% of the paid-in capital (TCFHC, TCB and UTB disclosed its investments acquired or disposed of): TCS and BPCTLI - not applicable; TCFHC and investee company: None.
- 5) Acquisition of individual real estate at costs of at least NT\$300 million or 10% of the paid-in capital: None.
- 6) Disposal of individual real estates at costs of at least NT\$300 million or 10% of the paid-in capital: None.
- 7) Financial asset securitization by subsidiaries: None.
- 8) Allowance of service fees to related parties amounting to at least NT\$5 million: Table 9 (attached).
- 9) Sale of nonperforming loans by subsidiaries: None.
- 10) Receivables from related parties amounting to at least NT\$300 million or 10% of the paid-in capital: Table 10 (attached).
- 11) Percentage share in investees and related information: Table 11 (attached).
- 12) Derivative transactions: Notes 8, 41 and 44 to the consolidated financial statements
- 13) Other significant transactions which may affect the decisions of users of financial reports: None.

c. Investments in Mainland China:

Based on “Regulations Governing Approvals of Banks to Engage, Ltd. in Financial Activities between the Taiwan Area and the Mainland Area,” Taiwan Cooperative Bank, Ltd. set up the Suzhou Branch, Tianjin Branch, Fuzhou Branch and Changsha Branch; Co-operative Assets Management Co., Ltd. set up Taiwan Cooperative International Leasing Co., Ltd. in Mainland China. This investment has been approved by the Financial Supervisory Commission. The information - major operating items, capital stock, the way of investment, investment inflows and outflows, the holding percentage, the investment income or loss, the carrying amount at period-end, the remitted investment profits and the limit on the amount of investment in Mainland China - can be seen in Table 12 (attached).

d. Business relationships and significant transactions among the parent company and subsidiaries: Table 13 (attached).

e. Information on major shareholders: Table 14 (attached).

54. OPERATING SEGMENTS

The information reported to the Company's chief operating decision makers for the assessment of segment performance focuses mainly on business and profit or loss. The Company's reportable segments are as follows:

- a. TCB business, including deposits, loans, capital, trust, insurance and other businesses;
- b. Other noncore businesses.

The accounting policies of the reportable segments are the same as the Company's accounting policies described in Note 4. Segment profit is measured at income before income tax, and this measure is reported to the chief operating decision makers for the purposes of resource allocation and assessment of segment performance. The terms of transactions between segments are similar to those for third parties.

The revenue, expenses and related information of the Company's reportable segments for the six months ended June 30, 2024 and 2023 are as follows:

	For the Six Months Ended June 30, 2024				
	TCB Business	Others	Total	Adjustment and Elimination	Total

Ratio of Tier 1 capital to risk-weighted assets			12.98	12.98
Ratio of leverage			5.86	5.86

Note 1: Eligible capital, risk-weighted assets and exposure measurement are calculated under the “Regulations Governing the Capital Adequacy Ratio of Banks” and the “Explanation of Methods for Calculating the Eligible Capital and Risk-weighted Assets of Banks.”

Note 2: Formulas used were as follows:

- 1) Eligible capital = Common equity + Other Tier 1 capital + Tier 2 capital
- 2) Risk-weighted assets = Risk-weighted assets for credit risk + Capital requirements for operational risk and market risk x 12.5.
- 3) Capital adequacy ratio = Eligible capital ÷ Risk-weighted assets.
- 4) Ratio of the common equity to risk-weighted assets = Common equity ÷ Risk-weighted assets.
- 5) Ratio of Tier 1 capital to risk-weighted assets = (Common equity + Other Tier 1 capital) ÷ Risk-weighted assets.
- 6) Ratio of leverage = Tier 1 capital ÷ Exposure measurement.

Amounts of executed debt-restructuring projects not reported as nonperforming loans (Note 9)		10,479					13,243				
Amounts of executed debt-restructuring projects not reported as nonperforming receivables (Note 9)		45,522					50,026				

Note 1: Nonperforming loans are reported to the authorities and disclosed to the public, as required by the "Regulations Governing the Procedures for Banking Institutions to Evaluate Assets and Deal with Nonperforming/Nonaccrual Loans." Nonperforming receivables are reported to the authorities and disclosed to the public, as required by the Banking Bureau's letter dated July 6, 2005 (Ref. No. 0944000378).

Note 2: Ratio of nonperforming loans: Nonperforming loans ÷ Outstanding loan balance.
Ratio of nonperforming receivables: Nonperforming receivables ÷ Outstanding receivable balance.

Note 3: Coverage ratio of loans: Allowance for credit losses for loans ÷ Nonperforming loans.
Coverage ratio of receivables: Allowance for credit losses for receivables ÷ Nonperforming receivables.

Note 4: The mortgage loan is for house purchase or renovation and is fully secured by housing that is purchased (owned) by the borrower, the spouse or minor children of the borrowers.

Note 5: Based on the Banking Bureau's letter dated December 19, 2005 (Ref. No. 09440010950), small-scale credit loans are unsecured, involve small amounts and exclude credit cards and cash cards.

Note 6: Other consumers banking loans refer to secured or unsecured loans that exclude housing mortgage, cash and credit cards, and small-scale credit loans.

Note 7: As required by the Banking Bureau in its letter dated July 19, 2005 (Ref. No. 0945000494), accounts receivable factored without recourse are reported as nonperforming receivables within three months after the factors or insurance companies refuse to indemnify banks for any liabilities on these accounts.

Note 8: Amounts of executed contracts on negotiated debts that are not reported as nonperforming loans or receivables are disclosed to the public in accordance with the Banking Bureau's letter dated April 25, 2006 (Ref. No. 09510001270).

Note 9: Amounts of executed debt-restructuring projects not reported as nonperforming loans or receivables are disclosed to the public in accordance with the Banking Bureau's letter dated September 15, 2008 (Ref. No. 09700318940) and letter dated September 20, 2016 (Ref. No. 10500134790).

TAIWAN COOPERATIVE FINANCIAL HOLDING CO., LTD.**INFORMATION ON MAJOR SHAREHOLDERS
JUNE 30, 2024**

Name of Major Shareholder	Shareholding	
	Number of Shares	Percentage of Ownership (%)
Ministry of Finance, Taiwan	3,833,889,460	26.06

The above table of major shareholders are based on the information from Taiwan Depository & Clearing Corporation which calculated the registration and delivery of non-physical (including treasury stock) common stocks and preferred stocks at least 5% as of the last business day of each quarter. There may be differences between the number of shares recorded in the consolidated financial statements and the registration number of non-physical shares due to different basis of preparation.
